Lions Paint Aqua Center; Pool Opens to Public Soon

The annual event of readying the pool at the Antioch Aqua Center was completed last Sunday when members of the Antioch Lions Club pitched in to finish the painting of the pool and apply general repairs to the facilities.

Fifteen to twenty members were present until late afternoon and completed the painting with special acid and chlorine resisting rubber paint. General repairs were also made on the bath house and other pool buildings.

Included in the painting project were the various tables surrounding the pool.

The pool is expected to be filled by May 20, Lions member Leonard Roblin stated. Pool hours this year will be set from 1 to 8 p.m. Saturday's schedule beginning earlier, about 10:30 or 11:30 a.m.

Preston J. Reckers, a member of the Aqua Center board, stated that the pool would be open free to all the children in the area for the Memorial Day celebration. On that day the pool will open at 1 p.m.

Season passes for the pool, which help to defray its cost of operation, are currently being sold at the Antioch News office and the State Bank. They are also available from any Lions Club member.

Swimming lessons, directed by Mrs. Charlotte Queen, will be held at several levels of instruction. There are two semesters of instruction scheduled for this year, one early and one late during the season.

New manager for the pool this year is James Corrigan, an English instructor at Antioch Township High School.

Mrs. Winnie Sorenson will be in charge of the life-guard precautions.

Parade Scheduled For Memorial Day

The annual Memorial Day service will be sponsored by the Antioch VFW and Legion posts. A parade is scheduled for the day which will leave the high school grounds at 1:30 p.m.

The marchers will proceed down Main Street and come to halt on Orchard, where at the village park, a short ceremony will be held at 2 p.m.

All of the fraternal, civic, religious groups along with boy and girl scouts, veterans, firemen, rescue squad members and police groups are asked to cooperate by the appearance in the parade.

Vandalism Hits Area

Vandalism was reported in the area of Petite Lake last Sunday when Sheriff's deputies were called to investigate property damage at Circle Drive.

Mrs. Charles W. Anderson called deputies after discovering that vandals had thrown rotten apples into her back yard, broken a storm screen on a basement window and lobbed a flower pot on top of her roof, breaking off shingles.

The damage was estimated at \$50.

The Andersons reside in the area only during the summer months. The condition of the impaired property led deputies to believe that the vandals had committed this crime during the winter months.

On the same day, May 6, a neighbor of the Andersons complained that his wooden rowboat had been stolen.

Archie Currie, also of Circle Drive, stated that his boat, valued at \$200 was taken during the night.

Deputy Miller of the Sheriff's Office, stated that deputies would investigate the matter.

Dispute on Land Claim

Mrs. Helen Gehrke and Charles Kurtsch, two tavern owners in the Grass Lake area, who have reportedly been feuding for a number of years, recently ran into trouble with the state of Illinois.

On May 4, the Lake County Sheriff's Office was summoned to settle a dispute between the two persons whose two taverns, Little America Tavern (Gehrke) and the Treasure Island Tavern (Kurtsch) border each other on neighboring lots.

It seems that Mrs. Gehrke had authorized workmen to build a boat ramp on her property and before they were able to begin work, Mr. Kurtsch drove his auto between the men and the area chosen for the building. He remained in that position until the sheriff's squad showed up.

He told officers that Mrs. Gehrke was attempting to build on his property. She claimed the property was hers. A check was made of the disputed area and it was found to belong to the State of Illinois. Now both persons are required to give up claim to the land.

Mrs. Gehrke stated that she would halt construction of the boat ramp but would seek legal advice. Mr. Kurtsch stated he would do the same.

ATH Honors Night Draws 350 Persons

Band Director Joseph Rush recently announced that ATH's Spring Concert will take place May 19, at the high school. He stated that further announcements of the event would be forthcoming.

Rush went on to say that ATH's "Honors Night", held on May 8, was a great success. A pot-luck supper was served in the evening to over 350 persons.

A presentation to band and choir members was scheduled on the evening's program.

Driver's Licenses Are Suspended Here

Two Antioch residents have recently had their driver's licenses suspended after having committed three traffic violations.

The two are Marjorie G. Stolberg of Grass Lake Road and Gerald D. Patton of Oak Lane in Antioch.

The announcement was made through Secretary of State Charles F. Carpenter's office of the Driver's License Division.

Contracts Receive OK For Board's Signature

PAINTING CREW relaxes during mid-day rest Sunday and enjoys a brief rest. Members of the Lions Club participating in the pool's cleanup and painting are (front row, left to right) Maynard Schneider, Leonard Roblin, Dick Radke, Everett Offedahl, Elmer Baethke (second row kneeling) Preston J. Reckers, Jr., Dr. Albert A. Bucar, Walker Lyons, (standing) Maurice Loven, John Fries, Bill Seemann, Bill Brook, Ted Larson, Dr. Richard Ripley, Elmer Keisler, Ed Martin and George Hewkins.

FENCE WARMERS catching a momentary breath before continuing to paint the Aqua Center last Sunday are (left to right) Elmer Keisler, Preston J. Reckers, Jr., Leonard Roblin and Dr. A. A. Bucar. Worker in foreground is Daniel Duganek.

The Antioch Village Board meeting in a special adjourned session last Tuesday night, resolved to authorize signature to the remaining sewer and water project contracts let last month.

The contract involving the Sewage Disposal Plant, which was let to Midway Construction company of Chicago on April 3 by the board was approved and officially signed. This contract was worth \$198,942 with an alternate bid of \$201,328.

Also on the authorization slate for signature was the Chicago Bridge & Iron company which was let a \$49,000 contract for the building of an all-enclosed, extremely modern water tower.

Kennedy Construction company, along with the other two companies, is expected to begin construction of the water and sewer mains to be installed.

A combined total of contracts let to the three contractors amounts to \$300,191.

Annexation Discussed

The board also discussed possible annexation of an area located south of the village's present corporate limit. The area under question is the Antioch Hills Subdivision, which is located south of Rte. 173 and west of State Highway 83-21.

Incorporation of this territory would considerably expand the village proper. There are approximately 21 lots now located in the Antioch Hills Subdivision.

The matter was turned over to Village Attorney Edward Jacobs for legal preparations. The board also delved a bit into discussion on planning and zoning for the immediate Antioch area.

Trustee David Nissen explained that the incorporation of another subdivision into the village limits was all within the framework of the board's plans for Antioch's future.

Plans have been incorporated by the village in the past year.

"Teahouse" to Play Locally

"Teahouse of the August Moon" will be the first production of the Palette, Masque & Lyre Drama organization this season. The announcement was made by Director Kenneth Smouse of the group.

The play, which enjoyed a long Broadway run and was written by John Patrick, is slated for production on June 22 and 23.

Auditions for parts in the play will be held on May 15, 16 and 17. Anyone, adult or teenager, with special eligibility going to future high school seniors, will be able to try out for the play.

Scene designers, backstage help and general workers are also needed. Anyone interested in any facet of the production is asked to contact Mr. Smouse at the High School.

The play is under a co-sponsorship with the Antioch Township High School PTA. The Palette, Masque & Lyre group will handle the production.

Jaycees Slate Roadshow For Local Teenagers

Final preparations are under way by the Lake Region Jaycees for the Area's first teenage Safe Driving Roadshow. The event, scheduled for Sunday, May 20, will take place at the newly paved Antioch Village parking lot.

The Roadshow will be preceded by an orientation program on Saturday, May 19, at 10 a.m. at the Antioch High School auditorium. Here Grant Community and Antioch Township High School contestants will review traffic safety and motorist courtesy. The Roadshow course will be explained, and a written test will be given to all entrants. The top fifty scorers will compete in Sunday's event.

The Roadshow skill course on May 20th will be set up to test the teenagers' driving talents. The contestants will be driving 1962 Fords donated by Lyons & Ryan Ford Sales of Antioch. The entrants will be judged on a point score by a panel of local, county and state officials.

First, second and third place winners will be presented trophies at the close of the event. The first place winner will go expense paid to Macomb on July 1 for the State Finals of the Safe Driving Roadshow. Winners from the fifty states will compete for \$4,000 in scholarships this August in Washington, D. C., at the National Finals.

Entry blanks for the Lake Region Jaycees Safe Driving Roadshow are still available from driver training teachers at Antioch Township and Grant Community High Schools. All teenagers 16 to 19 are urged to enter the event.

Fallout Check Complete Here

Award of the first Phase Two Contracts for the fallout shelter survey in Illinois was announced recently by Col. J. A. Smedley of the Chicago Army District Engineers.

Consoer, Townsend & Associates, consulting engineers of Chicago, will cover all northern counties in this Phase.

In Phase Two, the firm will revisit certain selected shelters which were originally surveyed during the first phase for additional information in order to determine the cost of improving shelter areas and facilities.

John L. Horan, Civil Defense head of Antioch, reported that the entire nation has been surveyed under this plan. Horan and engineer-architects of the Chicago Surveying firm William A. Marshall and Wilbur Hughes inspected the entire Antioch area.

The national survey is being directed by the office of Civil Defense Department and Army Corps of Engineers.

Jaycees Slate Local Circus

The Lake Region Jaycees will hold a circus on June 4, on State Rte. 83-21 next to the Floral Acres property.

The circus, which will present two performances on that day, at 3:30 p.m. and 8 p.m., is expected to be one of the largest sponsorships of the Jaycees this year.

Jaycee President Bob Lubkeman, stated that tickets could be purchased from the Lake Region Jaycee members.

The Higgins Bros. & Cole Circus, being brought into the area, is a noted and well-established organization which has been providing entertainment to both rural and city audiences for decades.

Local Driver Hits Mail Box

The Lake County Sheriff's Office recently reported that a one-car accident, involving a Trevor man, took place last Sunday at 3 p.m.

Harold Williams, 36, of Trevor, was proceeding east on State Line Road when, for some undisclosed reason, he veered off of the road and flattened a mailbox.

He told deputies that he could not remember what happened.

Damage was done to the right side of Williams' vehicle but it was still able to be driven away. He sustained no injuries and was given no citation, Deputy Miller reported.

Antioch Township REPORT OF EXAMINATION

Year Ended January 31, 1962

NORMAN S. JEDLE

Certified Public Accountant

February 26, 1962

Mr. L. E. Murrie, Supervisor,
Antioch Township,
Antioch, Illinois

The following statements reflect the various cash receipts and disbursements handled during the fiscal year of February 1, 1961 to January 31, 1962 for the various funds for which your office is responsible.

The statements, and the examinations preparatory thereto, have been made in accordance with generally accepted auditing standards and included such tests as we considered necessary in the circumstances.

All cash receipts were traced to the separate depositories and the various funds were reconciled to, and verified by, the banks.

Statements included are:

- Schedule 1 — Summary of Funds
- Schedule 2 — General Town Fund
- Schedule 3 — Road Fund
- Schedule 4 — Road & Bridge Fund
- Schedule 5 — Black Top Road Improvement Fund
- Schedule 6 — Special Funds

No special attention has been noted as to the various unpaid accounts, as of January 31, 1962, inasmuch as they serve no purpose to you for they are only the same type which recur from month to month. In addition, the statements presented to you have always been prepared on a cash basis, which do not reflect accrued items.

During the year under review the Black Top Road Improvement Fund paid many of the bills previously paid by the Road and Bridge Fund. This was done in order to enable the Road and Bridge Fund to build up an operating cash balance to cover expenses which can't be transferred to the Black Top Road Improvement Fund and to avoid the issuance of tax warrants. However, it appears to destroy the purpose of having a separate fund if it pays bills belonging to another fund.

In our opinion, the accompanying statements present fairly the cash transactions of Antioch Township for the year ended January 31, 1961, on a cash basis consistent with that of the preceding year.

Yours very truly,

NORMAN S. JEDLE

Lindenhurst News

By Mrs. Bernice Bernau

Elliot 6-3449

For over an hour Tuesday night, members of the Lindenhurst Junior Police Club were fascinated by the Judo exhibition put on by Police Chief Anthony Schmeig of Highland Park and four boys, about 13 or 14 years of age, whom he has trained. Also, a 16 year old youth who helped him demonstrate how to disarm someone coming at you with a gun or knife.

Chief Schmeig is 40 years old and has been performing Judo for the past 11 years. He wears the black belt, which is the highest degree in Jujutsu. There are five different colored belts worn: the white, green, brown, purple and black. They must go through three degrees for each colored belt except the black, which takes ten. A person performing Judo with another, must restrict himself, and can't use more strength than his opponent's belt degrees.

Judo is as old as time itself. Judo means "the easy way." In the Orient Judo is an important sport and is taught in kindergarten. At the start of an exhibition the opponents

how to each other, displaying friendship, also at the end of their match. Before the boys are taught Judo, they must learn to fall. Falling is important. They fall on their forearms and toes. The forearms act as shock absorbers. The size and strength of a person means nothing. A little woman who knows the tricks of Judo, can throw a man. Russell Lavin (the 16 year old boy) told me he felt so foolish when a little woman threw him. He is quite large for his age and looks as though he could handle himself.

Twins

On March 18 twin boys were born, and then again on April 24, when Mr. and Mrs. Charles Vrbas of 312 Hazelwood Drive adopted them. The Vrbas have been married 10 1/2 years. Ten months ago they asked for a child at an orphanage, and said that they would welcome twins. If they had a chance. On April 18, they were notified that the boys were theirs and they could get them soon. The boys are identical twins, with red hair. Patrick Brennan weighs 9 pounds 1 ounce. He is named after his mother. Her maiden name was Brennan. Kevin Charles weighs

9 pounds 15 ounces. He is named after his father.

Arbor Day

Pupils at the B. J. Hooper School on Sand Lake Road attended the Arbor Day Service Thursday. Mr. James Bradley, principal, gave a short talk. Arbor Day is a day set apart for the planting of trees, observed especially by school children. The first Arbor Day was celebrated in Nebraska on April 10, 1872. By that time, settlers had cut down most of the trees in Nebraska, having used them in building homes or for firewood. Many had been destroyed in order to clear land for farming. All over the western plains, a traveler could go for miles without seeing a tree. Arbor Day was the idea of J. Sterling Morton, a newspaper publisher in Nebraska City, Neb. People soon began celebrating it throughout the country. Birdseye G. Northrup of Connecticut traveled all over the United States and even to Europe and Asia urging people to plant trees. Every state now celebrates Arbor Day.

Phillip Jackson read the poem "Trees." Later a magnolia tree donated by the Lindenhurst Garden Club was planted.

Card Party

The Lindenhurst Women's Club is having a card party Tuesday, May 8, at the Lindenhurst Civic Center, starting at 8 p.m. Admission also includes refreshments.

New Baby

Mr. and Mrs. Harold Gnoske of 221 Briar Lane are the proud parents of their first daughter and third child. Kelly Denise was born April 24 at St. Theresa Hospital. She weighed 7 pounds, 4 ounces. Her big brothers are Kurt, 5, and Eric, 2. Grandparents are Mr. and Mrs. Harold Gnoske, Sr., of Lake Zurich, and Mr. and Mrs. S. Okane, of Chicago.

Easter Vacation

Mr. and Mrs. Hubert Bechtel and family spent the Easter weekend down home in Granite City, visiting Zelma's mother, Mrs. Ruby Holder, her grandmother, Mrs. Margaret Hester and three sisters and four brothers and their families.

On Tuesday afternoon Jody and Jeff Meier, Wendy and Tommy Ingoglia and Tommy Lally and Gary Schultz helped Toni celebrate her seventh birthday.

Accident

Frankie Loblillo broke his collar bone last week while playing ball. He has since been forced to wear a cast.

The Lindenhurst Garden Club will hold their monthly meeting at the B. J. Hooper School on Beck and Sand Lake Roads Monday, May 7, at 8 p.m.

Mrs. William Kruse of Ingleside, past president of the Long Lake Garden Club will show colored slides and narrate. Topic will be "New Orleans to Nassau."

Mrs. Sam Loblillo, president, extends an invitation to all residents in the area to attend.

Teenage Club

The Lindenhurst-Venotian Village Teen Age Club will meet Sunday evening, May 6, from 6:30 to 9:30 p.m. in the Lindenhurst Civic Center on Old Elm Road. All teenagers from the two villages are invited to join in the scavenger hunt planned for the early part of the evening.

The officers and superiors are anxious to see a big turnout, so they can plan the activities for the coming season.

A special thank you to the club from the Men's Club for painting the basement walls a few weeks ago, as a club project. The painters were Chuck Maxwell, Phillip Fabray, Mickey Caldwell and Bill Kaub, Jr.

School Play

The eighth grade class of the Prince of Peace School will present its annual play Saturday and Sunday, May 5 and 6 at the Antioch High School Auditorium. The play is titled "The Boarding House Reach." The curtain goes up at 8 p.m.

The Altar and Rosary Society of Prince of Peace Church will receive Holy Communion next Sunday, May 6, at the 8 a.m. mass. All ladies of the parish are invited to receive with them.

First Friday

Confessions will be heard on Thursday from 4 to 5 and 7 to 8 p.m. Masses on Friday will be at 7 and 11 a.m.

Canasta Players

Millie Gast was hostess to the Eight Cards Wednesday evening. Dorothy Verdick and Ella Selzer, the winners,

received rubber chip bath mats. Julie Simon and May Hunt received the rooby prizes, bunny planners.

PLASTIC BAGS

This is just a word of warning. Please keep plastic bags out of the reach of your children. My 2 1/2 month old grandson pulled a plastic bag into his playpen last week, put it over his head and was turning blue when his mother found him. Not knowing what to do, she ran outside, down the stairs, across the street and up the stairs to a friend. By that time, with all the shaking up he started to come to. He had to spend the night in the hospital, and we thank God he is all right now. You might not be so fortunate. Don't take any chances with your child.

Men's Club

The Lindenhurst Men's Club will meet tonight, May 3, at the Lindenhurst Civic Center on Old Elm Road at 8 p.m. Lyle Mercer, president, invited all men of the village to attend.

Anniversaries

Congratulations to Pearl and Joe LaBarbara of 103 North White Oak Drive on their 16th wedding anniversary, April 30. Incidentally, that also is Pearl's birthday, too. They have two children, Anthony and Carol.

John and Lorraine Grant, of Longmeadow Drive spent their 18th wedding anniversary quietly Sunday afternoon. They have a son, Bob.

NRA

Boys in the 11 to 18 age group of the NRA will meet Wednesday evening at 7:15 p.m. at the Lindenhurst Civic Center.

Members of the Ivy Cancer League No. 15 met at Mrs. Lu Stanley's home last Thursday.

Grace Slove, Mary Shore, Marge Campbell, Frances Prohaska, Dorothy Verdick, Zenia Neumann and myself made plans for the booth we would have at the Block Party June 22 through 24. Mary Shore showed the adorable stuffed animals that

she is making for the bazaar planned for next November. The League is having a membership drive and hopes everyone interested in fighting cancer will join. There are no dues, and the meetings are held the third Thursday of every month, usually at Mrs. Stanley's home.

"Night-Owls"

Two tables of canasta was played and one of pinochle Friday night when the "Night-Owls" gathered at the home of Dolores Povallits on Fairfield Rd. Ellen Harsh won a pearl necklace, Mel Uebele, a pair of tile wall pictures, and Betty Janaga a wire vegetable basket. All sorts of goodies were enjoyed by the girls.

Dance

The Sportmen's Club and Auxiliary thank everyone who attended the party and those who worked to make the affair a success.

Birthdays

Little Barbara Jean Quinn was three years old April 24 but she was having birthday parties for three days.

Bill Bernau, son of your reporter, was 14 years old Monday, but he celebrated

Sunday. His great-aunt and uncle, Mr. and Mrs. Arthur Cowen of Westmont were out for dinner, along with his aunt and uncle, Mr. and Mrs. Robert Bernau of Chicago and cousins Darlene and Warren. Measles kept the other family from coming out.

Little League

One hundred thirty-seven boys registered Sunday for the Lake Villa Little League Baseball at the Pancake Breakfast. Tryouts will be at the Little League field in Lake Villa next Sunday. Watch for posters with time announcement or call Ray Parpan at Elliot 6-3011 for further information. For those who can't make it on Sunday, tryouts will be held Monday evening after 6 p.m.

"Pinspotters"

Congratulations to Shirley Martes, Pat Parpan, Mary Tracy and Marge Fabry who bowled on the Klma's Resort team in the "Pinspotters" League. The girls ended up in fifth place, with winning 49 1/2 games and losing 49 1/2. Volo Ball Shop, the top team, was only nine games ahead.

Jaycees Slate Roadco For Local Teenagers

Final preparations are under way by the Lake Region Jaycees for the Area's first teenage Safe Driving Roadco. The event, scheduled for Sunday, May 20, will take place at the newly paved Antioch Village parking lot.

The Roadco will be preceded by an orientation program on Saturday, May 19, at 10 a.m. at the Antioch High School auditorium. Here Grant Community and Antioch Township High School contestants will review traffic safety and motor court courtesy. The Roadco course will be explained, and a written test will be given to all entrants. The top fifty scorers will compete in Sunday's event.

The Roadco skill course on May 20th will be set up to test the teenagers' driving talents. The contestants will be driving 1962 Fords donated by Lyons & Ryan Ford Sales of Antioch. The entrants will be judged on a point score by a panel of

local, county and state officials.

First, second and third place winners will be presented trophies at the close of the event. The first place winner will go expense paid to Macomb on July 1 for the State Finals of the Safe Driving Roadco. Winners from the fifty states will compete for \$4,000 in scholarships this August in Washington, D. C., at the National Finals.

Entry blanks for the Lake Region Jaycees Safe Driving Roadco are still available from driver training teachers at Antioch Township and Grant Community High Schools. All teenagers 16 to 19 are urged to enter the event.

Junior Match Game Copped By Antioch

By Pearl Kapell
The Antioch Junior League, bowling a match game against Bertrand's Junior League, won the match Saturday, May 5, by 11 pins.

The Antioch team was made up of the five bowlers with the highest averages in the Junior League, and Bertrand's team was their counterpart from the Bertrand League. The Antioch team received temporary custody of a trophy, which will finally go to the team winning two of the three scheduled matches. The next match will be at the Bertrand Lanes.

The Antioch team, and their series were: Barbara Casella, 481; Ernie Westlund, 555; Jerry Berke, 447; Bill Oza, 542 and Bob Lenczewski, 568. Antioch won two of the three games, and finished with a team total of 2593 pins to Bertrand's 2572.

Local Driver Hits Mail Box

The Lake County Sheriff's Office recently reported that a one-car accident, involving a Trevor man, took place last Sunday at 3 p.m.

Harold Williams, 38, of Trevor, was proceeding east on State Line Road when, for some undisclosed reason, he veered off of the road and flattened a mailbox.

He told deputies that he could not remember what happened.

Damage was done to the right side of Williams' vehicle but it was still able to be driven away. He sustained no injuries and was given no citation, Deputy Miller reported.

Lions Paint Aqua Center, Pool Opens to Public Soon

The annual event of readying the pool at the Antioch Aqua Center was completed last Sunday when members of the Antioch Lions Club pitched in to finish the painting of the pool and apply general repairs to the facilities.

Fifteen to twenty members were present until late afternoon and completed the painting with special acid and chlorine resistant rubber paint. General repairs were also made on the bath house and other pool buildings. Included in the painting

project were the various tables surrounding the pool.

The pool is expected to be filled by May 20. Lions member Leonard Roblin stated: "Pool hours this year will be set from 1 to 8 p.m. Saturday's schedule beginning earlier, about 10:30 or 11:30 a.m."

Preston J. Reckers, a member of the Aqua Center board, stated that the pool would be open free to all the children in the area for the Memorial Day celebration. On that day the pool will open at 1 p.m.

Season passes for the pool, which help to defray its cost of operation, are currently being sold at the Antioch News office and the State Bank. They are also available from any Lions Club member.

Swimming lessons, directed by Mrs. Charlotte Queen, will be held at several levels of instruction. There are two semesters of instruction scheduled for this year, one early and one late during the season.

New manager for the pool this year is James Corrigan, an English instructor at Antioch Township High School.

Mrs. Winnie Sorenson will be in charge of the life-guard precautions.

Parade Scheduled For Memorial Day

The annual Memorial Day service will be sponsored by the Antioch VFW and Legion posts. A parade is scheduled for the day which will leave the high school grounds at 1:30 p.m.

The marchers will proceed down Main Street and come to halt on Orchard, where at the village park, a short ceremony will be held at 2 p.m. All of the fraternal, civic, religious groups along with boy and girl scouts, veterans, firemen, rescue squad members and police groups are asked to cooperate by the appearance in the parade.

Vandalism Hits Area

Vandalism was reported in the area of Petite Lake last Sunday when Sheriff's deputies were called to investigate property damage at Circle Drive.

Mrs. Charles W. Anderson called deputies after discovering that vandals had thrown rotten apples into her back yard, broken a storm screen on a basement window and lobbed a flower pot on top of her roof, breaking off shingles.

The damage was estimated at \$50.

The Andersons reside in the area only during the summer months. The condition of the impaired property led deputies to believe that the vandals had committed this crime during the winter months.

On the same day, May 6, a neighbor of the Andersons complained that his wooden rowboat had been stolen.

Archie Currie, also of Circle Drive, stated that his boat, valued at \$200 was taken during the night.

Deputy Miller of the Sheriff's Office, stated that deputies would investigate the matter.

ATH Honors Night Draws 350 Persons

Band Director Joseph Rush recently announced that ATH's Spring Concert will take place May 19, at the high school. He stated that further announcements of the event would be forthcoming.

Rush went on to say that ATH's "Honors Night", held on May 8, was a great success. A pot-luck supper was served in the evening to over 350 persons.

A presentation to band and choir members was scheduled on the evening's program.

Driver's Licenses Are Suspended Here

Two Antioch residents have recently had their driver's licenses suspended after having committed three traffic violations.

The two are Marjorie G. Stolberg of Grass Lake Road and Gerald D. Patton of Oak Lane in Antioch.

Grants are Given Salem Instructors

Mr. Emroy Heyse, mathematics instructor at Salem Central High, has received a grant to study at a Summer Math Institute at Knox College in Galesburg, Ill., a city of 35,000 population this summer. He will begin a course in Elements of Abstract Algebra and Variations on July 2 and continue until August 10. As there will be no summer session at Knox College, this is a special summer institute sponsored by the National Science Foundation.

Mr. Heyse, his wife and daughter will live in Whiting Hall Dormitory for the term and all meals will be eaten in Seymour Union dining hall.

Mr. Malcolm Alby of the Chemistry department at the high school has also received a National Science Foundation Scholarship to study Chemistry at the University of Illinois at Champaign. Approximately 50 teachers of high school and junior college chemistry will attend this institute which will be held from June 18 through August 11.

Dispute on Land Claim

Mrs. Helen Gehrke and Charles Kurtch, two tavern owners in the Grass Lake area, who have reportedly been feuding for a number of years, recently ran into trouble with the state of Illinois.

On May 4, the Lake County Sheriff's Office was summoned to settle a dispute between the two persons whose two taverns, Little America Tavern (Gehrke) and the Treasure Island Tavern (Kurtch) border each other on neighboring lots.

It seems that Mrs. Gehrke had authorized workmen to build a boat ramp on her property and before they were able to begin work, Mr. Kurtch drove his auto between the men and the area chosen for the building. He remained in that position until the sheriff's squad showed up.

He told officers that Mrs. Gehrke was attempting to build on his property. She claimed the property was hers. A check was made of the disputed area and it was found to belong to the State of Illinois. Now both persons are required to give up claim to the land.

Mrs. Gehrke stated that she would halt construction of the boat ramp but would seek legal advice. Mr. Kurtch stated he would do the same.

Contracts Receive OK For Board's Signature

PAINTING CREW relaxes during mid-day last Sunday and enjoys a brief rest. Members of the Lions Club participating in the pool's cleanup and painting are (front row, left to right) Maynard Schneider, Leonard Roblin, Dick Radko, Everett Ottedahl, Elmer Baethke (second row kneeling) Preston J. Reckers, Jr., Dr. Albert A. Bucar, Walker Evans, (standing) Maurice Loven, John Fries, Bill Seemann, Bill Brock, Ted Loran, Dr. Richard Ripley, Elmer Keiser, Ed Martin and George Hawkins. (Antioch News Photo)

The Antioch Village Board, meeting in a special adjourned session last Tuesday night, resolved to authorize signature to the remaining sewer and water project contracts let last month.

The contract involving the Sewage Disposal Plant, which was let to Midway Construction company of Chicago on April 3 by the board was approved and officially signed. This contract was worth \$198,

942 with an alternate bid of \$201,328.

Also on the authorization slate for signature was the Chicago Bridge & Iron company which was let a \$69,000 contract for the building of an all-enclosed, extremely modern water tower. Kennedy Construction company, along with the other two companies, is expected to begin construction of the water and sewer mains to be installed.

A combined total of contracts let to the three contractors amounts to \$506,191.

Annexation Discussed
The board also discussed possible annexation of an area located south of the village's present corporate limit. The area under question is the Antioch Hills Subdivision which is located south of Rte. 173 and west of State Highway 83-21.

Incorporation of this territory would considerably expand the village proper. There are approximately 21 lots now located in the Antioch Hills Subdivision.

The matter was turned over to Village Attorney Edward Jacobs for legal preparations.

The board also delved a bit into discussion on planning and zoning for the immediate Antioch area.

Trustee David Nissen explained that the incorporation of another subdivision into the village limits was all within the framework of the board's plans for Antioch's expansion. Several subdivisions have been incorporated by the village in the past year.

"Teahouse" to Play Locally

"Teahouse of the August Moon" will be the first production of the Palette, Masque & Lyre Drama organization this season. The announcement was made by Director Kenneth Smouse of the group.

The play, which enjoyed a long Broadway run and was written by John Patrick, is slated for production on June 22 and 23.

Auditions for parts in the play will be held on May 15, 16 and 17. Anyone, adult or teenager, with special eligibility going to future high school seniors, will be able to try out for the play.

Scene designers, backstage help and general workers are also needed. Anyone interested in any facet of the production is asked to contact Mr. Smouse at the High School.

The play is under a co-sponsorship with the Antioch Township High School PTA. The Palette, Masque & Lyre group will handle the production.

Beauty Queen to Reign Over Summer Festival

The Lake Region Jaycees, in cooperation with other various groups handling other activities for the "Antioch Summer Festival" carnival of the week of July Fourth this year, have scheduled a Beauty Pageant.

The Beauty Pageant is open to all girls between the ages of 16 and 21 in order to participate in the Pageant, to be held on July 7 and 8. Deadline for entries will be a week before the Pageant is scheduled to be held.

The winner of the contest will represent Antioch and the Lake Region in the District or State Contest, and possibly in the Miss Universe Contest in Atlantic City.

Local merchants in Antioch

will sponsor the five finalists and the winner of the overall Pageant will be crowned "Miss Antioch Summer Festival" and will be sponsored by the Lake Region Jaycees to further contests.

All girls in the Lake Region area are eligible for the contest.

Judging will take place both in swim suits and in formal. Judging will be based as follows: Beauty and form, 60%; posture and charm, 20%; and talent, 20%.

Three glossy photos, not smaller than 4 inches by 5 inches, must accompany the entry blank. (For our own publicity of each candidate).

No professional model will be eligible. If a girl does

modeling as a means of livelihood, she will be considered a professional. Girls who appear in a local style show or receive small gifts for modeling will not be classed as professional. Attending a modeling school or a school of charm likewise does not classify a girl as a professional.

Judging may take place both ahead of the festival in a preliminary preview and at the pageant in order to give the judges more opportunity to know the girls and to do their very best job. Decision of the judges—specially qualified for this serious responsibility—will be final. A winner and a runnerup will be chosen by the judges.

Fallout Check Complete Here

Award of the first Phase Two Contracts for the fallout shelter survey in Illinois was announced recently by Col. J. A. Snedile of the Chicago Army District Engineers.

Consor, Townsend & Associates, consulting engineers of Chicago, will cover all northern counties in this Phase.

In Phase Two, the firm will revisit certain selected shelters which were originally surveyed during the first phase for additional information in order to determine the cost of improving shelter areas and facilities.

John L. Horan, Civil Defense head of Antioch, reported that the entire nation has been surveyed under this plan. Horan and engineer-architects of the Chicago Surveying firm William A. Marsalles and Wilbur Hughes inspected the entire Antioch area.

The national survey is being directed by the office of Civil Defense Department and Army Corps of Engineers.

Jaycees Slate Local Circus

The Lake Region Jaycees will hold a circus on June 4, on State Rte. 83-21 next to the Floral Acres property.

The circus, which will present two performances on that day, at 3:30 p.m. and 8 p.m., is expected to be one of the largest sponsorships of the Jaycees this year.

Jaycee President Bob Lubkeman, stated that tickets could be purchased from the Lake Region Jaycee members.

The Higgins Bros. & Cole Circus, being brought into the area, is a noted and well-established organization which has been providing entertainment to both rural and city audiences for decades.

EDITORIAL

The Great Social Decay

The occurrence of the raids against the various "booze palaces" located in the Antioch area by the Waukegan Sheriff's Office last week proved to be totally ineffectual, and apparently, as a matter of routine, no more than a token gesture against the purveyors of youth who have accustomed their incomes to depend upon the illicit sale of alcoholic beverages to underage teenagers.

This is a serious and consequential charge to make and those guilty of committing this crime against our future society are aware of it.

The continued existence of these so-called legitimate establishments, however, apparently signifies the fact that their operations can go unchecked by either law or order of any denomination.

We feel that tolerance of such nefarious activities is a public disgrace that will not only be felt during this period of "acceptability" but will linger into the adult lives of those now anxiously partaking in the purchase of alcohol while underage.

The system of graft, bribery, and corruption on all political levels that allows this situation to exist flies in the face of common logic and human decency. There is but one solution in remedying this problem and that is for the public to rise in indignation and protest bodily against these social leeches.

The great apathy connected with our society today is the fact that it remains dormant, unprotesting, without the traditional concepts of honor and dignity. It is exactly this type of attitude that allows for the existence of the degrading elements of man to flourish.

The parent, which at the heart of the matter, is the most responsible person, should endeavor to, at least, be concerned enough with their children to allocate their activities and guide them in the most beneficial ways toward a mature growth. This, unfortunately, is not the case. The most flagrant violation of a child is indifference and an attitude of "I could care less."

The parent, not the teacher or the policeman on his beat, is the responsible person for his or her child's actions. It is the parent who allows his son or daughter to frequent the "booze palaces". It is the parent who claims irresponsibly the fact that he or she is ignorant of the existence of such places. It is the parent who fosters, through disassociation from their child, an attitude of defiance, disrespect and disgust in youth today.

Perhaps, it would be a good idea for every parent, not only in the Antioch area, but throughout the entire country to sit down calmly in the evening and ask himself a question in order to understand our present problem. And that question might be, "where is my child tonight?"

Antioch's Aqua Center

Inaugurating the season by cleaning and painting the pool, the Antioch Lions Club members have shown that there are more important things to do on a sun-filled Sunday afternoon than looking after one's own personal pleasure. These gentlemen are not only to be commended but admired. Through their tireless and ceaseless efforts they are helping to build a better community for Antioch and its youth.

The Aqua Center, with its tremendous financial obligations taxing the club as a burden, is one of the most significant things Antioch can point to with pride. Sustaining its use and improving its facilities through the years it is a credit not only to one club or group organization but to the entire community which helps the center to stay alive through the purchase of seasonal passes, personal checks and bonds and just plain good will.

An entire village effort of this sort can only indicate an adult faith in youth and providing it with a social outlet so necessary for its recreational energies strengthens the bond between the adult and the youngster.

The biggest recreational function in Antioch, the Aqua Center stands as a symbol of community progress and constant and unselfish charity on the part of civic-minded individuals.

For the first time since I have been writing this column it is my desire to do something entirely different, and I hope you will understand. An Open Letter to MOM: The cards in the stores were all flowery and fine, and filled inside with the faintest of rhyme. But the words that I wanted to say. They don't seem to include in the cards of today. The courage it takes to "see it through," Came Dear Mom straight from you. Laughter you taught us, is a magic potion.

"Use it often as a soothing lotion."
"Patience," you said, "you will need most of all. When trouble (unsuspected) at your door may call."
"Respect yourself and for what you stand. Or the favors of others you can't demand."
"Be considerate of those all around. And happiness in your heart will abound."
Though I may have fallen at various times, The help that I needed came from those lines. My fondest wish on this Mother's Day Would be for MY children to travel the same path-way!

A great injury to American culture as a whole is a singular attitude, expressed by few, which tends to signify a disgust with anything dealing with the arts—music, books, painting, etc.

This attitude is sparked by social malcontents who emit crass and vapid remarks about anything culturally bent. The reason behind this social sniping can be attributed, no doubt, to an obvious fear and an illiterate despicement of high culture on any plane.

And yet, these are the same persons to say "America has no culture. It is a barren wasteland of ideas where talent lies fallow. The only real culture belongs to Europe and that we stole."

With this pleasant little thought still ringing in the ears one can proceed on the basis of believing that our country is made up of nitwits, governed by halfwits and progressed culturally by plagiaristic quarterwits. In other words, we're stupid and we had better like it.

Culture, as we know it today, is not merely made up of aesthetic values, fine plays, intellectual novels, abstract art, but also incorporates the artistic sciences, architecture, dramatics from the technical point of view (i.e. musical arrangements, scenery designers) and even photography. More culture enters into the life of the American citizen daily than what the Roman senators enjoyed under the reign of Tiberius.

Myriad forms of communication daily informs, teaches, and sometimes inspires the modern man in his process of thinking and the formulation of a mature and learned outlook. This, of course, does not mean that all men have resolved to become academic or scholarly. It merely gives the sign of an upswing in our civilization's education.

Actually, America does have a definite form of culture. This form or pattern is original and ingenious. The spiritual of the south typified by Stephen Collins Foster and later running the gamut of increased tempo on Tin Pan Alley, where Gus Kahn and George Gershwin added their interpretation, help to make up a musical college singularly American. Books—both regional and nation-sweeping are individualistic. Drama in America has always been in the forefront of experimentation and innovation. The slang, the twang, the rural and urban expressionisms of our country's people, all mirror a form of culture.

Perhaps if the critics, those persons so forlornly misinformed of what is worthwhile and creditable to our society—those rare products of the mind that endure universally from one age onto another—paused to look within the structure of our life in America, they would be a bit more appreciative of what is in abundance around them. If not, no matter. For time erases everything except that fine and undying art of talent and genius that epitomizes man's existence on earth.

Walter Lippmann writes: "Sooner or later the freedom of West Berlin will have to be guaranteed in an international covenant which makes it an international city under the specific protection of the great powers, the general protection of the NATO and the Warsaw Alliance, and of the United Nations. But that eventual solution, although both sides know that it is coming, cannot now be spelled out in a treaty which everyone concerned with Germany could sign. . . . All that both sides can now do is what they appear to have done, which is to deflate the Berlin crisis without reaching a Berlin settlement."

Your Governor Reports

In last week's report I referred briefly to "our efforts to improve administrative practices. One of our efforts in this regard was a special two-day seminar completed recently called "Operation Improvement."

This seminar, which continued for 19 hours over the two-day span, was conducted under the personal direction of Floyd W. Simerson, a widely known authority on administrative improvement procedures.

Attending the seminar were department directors, and commission chairmen of your Illinois state government. While they are all highly qualified in their particular fields, this course in administration was termed by them a most beneficial experience. It covered such subjects as human relations, leadership and organization.

This first seminar was top-level officials directly responsible to the governor. Its value can be partially measured by the requests of these officials to repeat the seminar for the benefit of assistant directors, executive assistants and others in state government.

Why all the fuss about a special election to nominate candidates for the State Senate post vacated by Robert McClory Republican nominee for Congress?

Certainly it should come as no surprise to the editorial writers and the guardians of the county exchequer that the nomination of former State Senator McClory would create a vacancy in the senate which would have to be filled by a short-term Senator.

The big surprise is that none of the GOP Congressional candidates in the recent primary hammered away at the results of a victory for McClory.

Some of the candidates touched on the subject briefly during the campaign, but immediately there were cries of "dirty politics" and personalities.

Off-hand we can think of few issues discussed during the campaign which were more important and more apparent, so now that the vacancy has been created and the seat is up for grabs why all the hand-wringing and consternation?

There are few editorial writers abroad in the land today who will pass up the opportunity to mount the ramparts in a fervent plea to "Get out the Vote" and they will insist that it is every man's duty to go to the polls and make a cross on the ballot on election day.

Unfortunately, some of these pundits insist on placing a price tag on voting and would deny members of the two major parties the right to select their own nominees because the cost of a special election will wreck the treasuries of the three counties involved.

We suspect that in some instances the cost of the election worries the ivory tower dwellers less than the possibility that their choice for the nomination might get left at the post in unhampered balloting.

It seems rather undemocratic and un-American to threaten and browbeat potential candidates in a special election in order to have an uncontested primary which would leave the selection of the party representatives up to a handful of kingmakers.

It seems that a cost of \$1 a ballot is not too much to pay to maintain the appearance, at least, of free selection and free choice of candidates.

PENNING THE NEWS

Ye Old Editor—Is He Man or Monster?

You will get varied opinions on this, depending on who you talk to and when. For years, fiction writers for movies and TV have pictured the editor as a hard-drinking, cynical ruler of public opinion.

You will be pleased to find out that this is not always the case. In fact, generally he is a conscientious, hard working individual interested in his community and what happens there.

He probably knows more about the community and its people than anyone in town. The community's whole history passes over his desk eventually. Birth notices, graduation, college, marriage, retirement, and finally death. He will span this entire cycle in one form or another each week.

Regardless of the size of the paper or the population of the community, the country editor shares the same responsibility to the public and his readers as his big city daily counterpart.

He knows that the life blood of his paper is NEWS and we might as well face it, there must be some reason why wastebaskets in newspaper offices are bigger than they are anywhere else.

There is only one decision that can be made about anything that is not news. He is the sole judge and, as they say, "the decision of the judges is final." You may not agree with him, especially if your story was the one that didn't get printed.

There are many reasons why your article may not be printed; only a few of these does the editor control.

The important thing to remember is that the editor is human, too, at least nearly so, and will respond to much the same things that motivate all of us.

There are a few little hints that will aid you in getting along with him. The form in

which your story is submitted (I will go into this in detail later) is one important part.

By making his job easier you will make a friend. Don't try to disguise advertising as news. Nothing will get you in trouble faster than by giving him a story that belongs in the advertising columns.

By all means avoid the needle. Don't be tempted by casually mentioning that brother Ed is one of his big advertisers. You won't be adding sunshine to his day and chances are he'll react adversely. He probably does not handle the advertising anyway.

Avoid the use of such wicked instruments as begging, pleading, and wheedling. Probably the most vicious of

TORN DOWN in a matter of minutes is the old Lake County Meeting Company which has since gone out of business. Ray Jensen of the Gibbs & Jensen enterprise will build a new building on the site. (Antioch News Photo)

New Store Is Started

Construction is under way at the site of the new Gibbs & Jensen store located next to the Erickson Sewing Center on Lake Street.

Ray Jensen, proprietor of the new establishment, stated that a bigger line of men's and women's sportswear, along with additional sporting goods, would be installed.

The new one-story building will have a full basement and is proportionately 36x75 feet in size.

Costing about \$25,000, the building will be made of concrete block with a brick front.

The old Gibbs & Jensen store, the name still being retained by Jensen who has branched off independently, has been occupied by the firm for nine years.

Red Cross House Is Civil War Relic

The American Red Cross was organized during the Civil War, but your Red Cross Chapter House, at 308 Julian St., Waukegan, was built years before.

The 11 room house is now used as office space for your Lake County Red Cross but it still retains the atmosphere of the pre-Civil War period. Tile fronted fireplaces, fancy inlaid floors and beamed ceilings impress visitors.

One room of the house has been made a shrine to Lincoln. History says that Lincoln actually slept in the room during his campaign for the presidency in April 1860.

Although the room contains many items from Lin-

coln's time, the bed is actually the one Lincoln slept in. Miss Isabel Pearce, whose family has resided in Waukegan for more than a hundred years, loaned the bed for use in the room.

The Pearce family lived next door to the residence at 308 Julian at the time Lincoln visited Waukegan. Within a few months after Lincoln slept in the house the man who lived there received a government appointment and moved, selling all his furniture. The Pearces bought the bed and have used it in their home almost continually since that time.

Many persons take advantage of the opportunity to visit the house and especially the Lincoln room. The next time you have a few minutes and are down town Waukegan, stop by 308 Julian St. and visit one of the most historic spots in Lake County.

Reading Program is Slated for Police

Springfield — Response to the guided reading program for police officers throughout the state has far surpassed all expectations, Secretary of State Charles F. Carpenter, state librarian, has announced.

"The Illinois State Library has received so many requests that names have had to be placed on a waiting list even though the State Library has purchased additional copies of the books to fill the demands," Mr. Carpenter said.

As an example of the interest in the program, Secretary Carpenter cited the incident when Dan Connor, bookmobile driver for the Illinois State Library, was stopped by state police in a Southern Illinois town. Connor could only think that he had violated a traffic law, but much to his surprise, the policemen only asked for one of the reading lists that had been prepared by the Illinois State Library.

The State Library and local libraries are cooperating in the guided reading program which is sponsored by the Illinois Association of Chiefs of Police.

Chief Jacob J. Novak of the North Chicago Police Department, secretary-treasurer of the organization, said there is still much to be done to reach the rank and file of policemen who actually use the material.

"We must concentrate on improving the number and quality of the books that are currently on our bookshelves to keep up with the demands of the policemen," he added.

Additional lists are prepared as new books are purchased by the State Library, and copies are forwarded to the chiefs' association and local libraries throughout the state, Mr. Carpenter said.

Special Elections are Called by Gov. Kerner

CHICAGO — Gov. Otto Kerner has called for special elections to be held in the 48th and 52nd Illinois Senatorial Districts.

In his official order, the governor set Tuesday, Sept. 11, as the date for the primary, and Tuesday, Nov. 8, the date of the special election. The election date corresponds to the regular 1962 election date.

The special election in the 48th Senatorial District is to fill the vacancy of the late Herschel Green, who died April 1. The special election in the 52nd Senatorial District is to fill the vacancy created by the resignation of Sen. Robert McClory.

In announcing the call for the special election Gov. Kerner said:

"If this special election is not called, it would cut the Republican majority in the Senate by two, and be an advantage to the Democratic party. The citizens of these

two districts, however, would be denied the full representation in the Illinois General Assembly to which they are entitled. When the 73rd General Assembly convenes in January 1963, it will deliberate upon many issues pertinent to the welfare of the State of Illinois. The Illinois Senate should be representative of all the people of our state. In view of this fact, I feel that all partisan or political considerations must be put aside."

Counties in the 52nd District are Boone, McHenry and Lake. Comprising the 48th District are the counties of Jasper, Crawford, Richland and Lawrence.

ganic mercury sprays are recommended. The first should be applied at the time the buds are swelling and the bud caps are breaking, usually around the middle of April.

The second spray should be applied 14 days after the first. Suggested fungicides and rates of application per 100 gallons of spray are as follows: Coromero, 1 1/2 pounds for the first spray and 1 pound for the second; Purat Agricultural Spray, 1 1/2 pints for the first spray and 1 pint for the second; Phix Apple Spray, 1/2 pound for the first spray and 1/4 pound for the second.

Recommendations of the manufacturer should be followed when other organic mercury fungicides are substituted. Chemical control should be supplemented by pruning and burning dead twigs and branches with large conspicuous cankers.

A great injury to American culture as a whole is a singular attitude, expressed by few, which tends to signify a disgust with anything dealing with the arts—music, books, painting, etc.

This attitude is sparked by social malcontents who emit crass and vapid remarks about anything culturally bent. The reason behind this social sniping can be attributed, no doubt, to an obvious fear and an illiterate despotism of high culture on any plane.

And yet, these are the same persons to say "America has no culture. It is a barren wasteland of ideas where talent lies fallow. The only real culture belongs to Europe and that we stole."

With this pleasant little thought still ringing in the ears one can proceed on the basis of believing that our country is made up of nitwits, governed by halfwits and progressed culturally by plagiaristic quarterwits. In other words, we're stupid and we had better like it.

Culture, as we know it today, is not merely made up of aesthetic values, fine plays, intellectual novels, abstract art, but also incorporates the artistic sciences, architecture, dramatics from the technical point of view (i.e. musical arrangements, scenery designers) and even photography. More culture enters into the life of the American citizen daily than what the Roman senators enjoyed under the reign of Tiberius.

Myriad forms of communication daily informs, teaches, and sometimes inspires the modern man in his process of thinking and the formulation of a mature and learned outlook. This, of course, does not mean that all men have resolved to become academic or scholarly. It merely gives the sign of an uprising in our civilization's education.

Actually, America does have a definite form of culture. This form or pattern is original and ingenious. The spiritual of the south typified by Stephen Collins Foster and later running the gamut of increased tempo on Tin Pan Alley, where Gus Kahn and George Gershwin added their interpretation, help to make up a musical college singularly American. Books—both regional and nation-sweeping are individualistic. Drama in America has always been in the forefront of experimentation and innovation. The slang, the twang, the rural and urban expressionisms of our country's people, all mirror a form of culture.

Perhaps if the critics, those persons so forlornly misinformed of what is worthwhile and creditable to our society—those rare products of the mind that endure universally from one age onto another—paused to look within the structure of our life in America, they would be a bit more appreciative of what is in abundance around them. If not, no matter. For time erases everything except that fine and undying art of talent and genius that epitomizes man's existence on earth.

Walter Lippmann writes: "Sooner or later the freedom of West Berlin will have to be guaranteed in an international covenant which makes it an international city under the specific protection of the great powers, the general protection of the NATO and the Warsaw Alliance, and of the United Nations. But that eventual solution, although both sides know that it is coming, cannot now be spelled out in a treaty which everyone concerned with Germany could sign. . . All that both sides can now do is what they appear to have done, which is to deflate the Berlin crisis without reaching a Berlin settlement."

Your General Reports

By OTTO KERNER

In last week's report I referred briefly to our efforts to improve administrative practices. One of our efforts in this regard was a special two-day seminar completed recently called "Operation Improvement."

This seminar, which continued for 19 hours over the two-day span, was conducted under the personal direction of Floyd W. Silmerson, a widely known authority on administrative improvement procedures.

Attending the seminar were department directors and commission chairmen of your Illinois state government. While they are all highly qualified in their particular fields, this course in administration was termed by them a most beneficial experience. It covered such subjects as human relations, leadership and organization.

This first seminar was top-level officials directly responsible to the governor. Its value can be partially measured by the requests of these officials to repeat the seminar for the benefit of assistant directors, executive assistants and others in state government.

Courthouse Notebook

By LOU DURKIN

Why all the fuss about a special election to nominate candidates for the State Senate, post vacated by Robert McClory Republican nominee for Congress?

Certainly it should come as no surprise to the editorial writers and the guardians of the county exchequer that the nomination of former State Senator McClory would create a vacancy in the senate which would have to be filled by a short-term Senator.

The big surprise is that none of the GOP Congressional candidates in the recent primary hammered away at the results of a victory for McClory.

Some of the candidates touched on the subject briefly during the campaign, but immediately there were cries of "dirty politics" and personalities.

Off-hand we can think of few issues discussed during the campaign which were more important and more apparent, so now that the vacancy has been created and the seat is up for grabs why all the hand-wringing and consternation?

There are few editorial writers abroad in the land today who will pass up the opportunity to mount the ramparts in a fervent plea to "Get out the Vote" and they will insist that it is every man's duty to go to the polls and make a cross on the ballot on election day.

Unfortunately, some of these pundits insist on placing a price tag on voting and would deny members of the two major parties the right to select their own nominees because the cost of a special election will wreck the treasuries of the three counties involved.

We suspect that in some instances the cost of the election worries the ivory tower dwellers less than the possibility that their choice for the nomination might get left at the post in unhampered balloting.

It seems rather undemocratic and un-American to threaten and browbeat potential candidates in a special election in order to have an uncontested primary which would leave the selection of the party representatives up to a handful of kingmakers.

It seems that a cost of \$1 a ballot is not too much to pay to maintain the appearance, at least, of free selection and free choice of candidates.

County Board Chairman Robert Dickson must have high hopes of getting a Public Works Commission accepted

ment who hold positions of administrative capacity. A second seminar is being planned for the near future so that as many additional state officials as possible may receive the benefits of this seminar.

Within the framework of this management improvement study, emphasis was placed on the relationship of those in administrative positions with employees. These relationships dealt primarily on morale, attitude, communication, supervision, methods and procedures.

There is never a time when efficiency of operation is not a goal to which we must continually strive. With the state facing financial difficulties, the importance of efficiency is all the more apparent. I feel it is the duty of all state employees to use their full capacities to perform their duties in the most efficient manner possible.

It is for these reasons that I arranged for this special course in management improvement. I am certain that all citizens of our state will directly or indirectly receive a benefit by it.

PENNING THE NEWS

Ye Old Editor-Is He Man or Monster?

You will get varied opinions on this, depending on who you talk to and when. For years, fiction writers for movies and TV have pictured the editor as a hard-bitten, cynical ruler of public opinion.

You will be pleased to find out that this is not always the case. In fact, generally he is a conscientious, hard working individual interested in his community and what happens there.

He probably knows more about the community and its people than anyone in town. The community's whole history passes over his desk eventually. Birth notices, graduation, college, marriage, retirement, and finally death. He will span this entire cycle in one form or another each week.

Regardless of the size of the paper or the population of the community, the country editor shares the same responsibility to the public and his readers as his big city daily counterpart.

He knows that the life blood of his paper is NEWS and we might as well face it, there must be some reason why wastebaskets in newspaper offices are bigger than they are anywhere else.

There is only one decision that can be made about anything that is not news. He is the sole judge and, as they say, "the decision of the judges is final." You may not agree with him, especially if your story was the one that didn't get printed.

There are many reasons why your article may not be printed; only a few of these does the editor control.

The important thing to remember is that the editor is human, too; at least nearly so, and will respond to much the same things that motivate all of us.

There are a few little hints that will aid you in getting along with him. The form in

which your story is submitted (it will go into this in detail later) is one important part.

By making his job easier, you will make a friend. Don't try to disguise advertising as news. Nothing will get you in trouble faster than by giving him a story that belongs in the advertising columns.

By all means avoid the needle. Don't be tempted by casually mentioning that brother Ed is one of his big advertisers. You won't be adding sunshine to his day and chances are he'll react adversely. He probably does not handle the advertising anyway.

Avoid the use of such wicked instruments as begging, pleading and wheedling. Probably the most vicious of

There is the fact. As most editors are male he will agree to almost anything to remove a fearful face from his presence.

If you have a good story, it will stand on its own merits. Just remember that he needs you as much or more than you need him. In the midst of gathering the regular news for the paper he must depend on you for club, society and other items.

Next week, why your story may not be used or "I'm sorry Madam, but

TORN DOWN in a matter of minutes is the old Lake County Meeting Company which has since gone out of business. Ray Jensen of the Gibbs & Jensen enterprise will build a new building on the site. (Antioch News Photo)

New Store Is Started

Construction is under way at the site of the new Gibbs & Jensen store located next to the Erickson Sewing Center on Lake Street.

Ray Jensen, proprietor of the new establishment, stated that a bigger line of men's and women's sportswear, along with additional sporting goods, would be installed.

The new one-story building will have a full basement and is proportionately 36x75 feet in size.

Costing about \$25,000, the building will be made of concrete block with a brick front.

The old Gibbs & Jensen store, the name still being retained by Jensen who has branched off independently, has been occupied by the firm for nine years.

Red Cross House Is Civil War Relic

The American Red Cross was organized during the Civil War, but your Red Cross Chapter House, at 308 Julian St., Waukegan, was built years before.

The 11 room house is now used as office space for your Lake County Red Cross but it still retains the atmosphere of the pre-Civil War period. Tile fronted fireplaces, fancy inlaid floors and beamed ceilings impress visitors.

One room of the house has been made a shrine to Lincoln. History says that Lincoln actually slept in the room during his campaign for the presidency in April 1860.

Although the room contains many items from Lin-

coln's time, the bed is actually the one Lincoln slept in. Miss Isabel Pearce, whose family has resided in Waukegan for more than a hundred years, loaned the bed for use in the room.

The Pearce family lived next door to the residence at 308 Julian at the time Lincoln visited Waukegan. Within a few months after Lincoln slept in the house the man who lived there received a government appointment and moved, selling all his furniture. The Pearces bought the bed and have used it in their home almost continually since that time.

Many persons take advantage of the opportunity to visit the house and especially the Lincoln room. The next time you have a few minutes and are down town Waukegan, stop by 308 Julian St., and visit one of the most historical spots in Lake County.

Special Elections are Called by Gov. Kerner

CHICAGO—Gov. Otto Kerner has called for special elections to be held in the 48th and 52nd Illinois Senatorial Districts.

In his official order, the governor set Tuesday, Sept. 11, as the date for the primary, and Tuesday, Nov. 6, the date of the special election. The election date corresponds to the regular 1962 election date.

The special election in the 48th Senatorial District is to fill the vacancy of the late Herschel Green, who died April 1. The special election in the 52nd Senatorial District is to fill the vacancy created by the resignation of Sen. Robert McClory.

In announcing the call for the special election Gov. Kerner said:

"If this special election is not called, it would cut the Republican majority in the Senate by two, and be an advantage to the Democratic party. The citizens of these

Reading Program is Slated for Police

Springfield — Response to the guided reading program for police officers throughout the state has far surpassed all expectations, Secretary of State Charles F. Carpenter, state librarian, has announced.

"The Illinois State Library has received so many requests that names have had to be placed on a waiting list even though the State Library has purchased additional copies of the books to fill the demands," Mr. Carpenter said.

As an example of the interest in the program, Secretary Carpenter cited the incident when Dan Connor, bookmobile driver for the Illinois State Library, was stopped by state police in a Southern Illinois town. Connor could only think that he had violated a traffic law, but much to his surprise, the policeman only asked for one of the reading lists that had been prepared by the Illinois State Library.

The State Library and local libraries are cooperating in the guided reading program which is sponsored by the Illinois Association of Chiefs of Police.

Chief Jacob J. Novak of the North Chicago Police Department, secretary-treasurer of the organization, said there is still much to be done to reach the rank and file of policemen who actually use the material.

"We must concentrate on improving the number and quality of the books that are currently on our bookshelves to keep up with the demands of the policemen," he added.

Additional lists are prepared as new books are purchased by the State Library, and copies are forwarded to the chiefs' association and local libraries throughout the state, Mr. Carpenter said.

DISEASE THREATENS SYCAMORE TREES

Sycamore anthracnose, an old enemy of sycamore trees in Illinois, may cause trouble to homeowners again this year, according to a report from the Illinois Natural History Survey.

Sycamore anthracnose, the most common and destructive disease of American sycamore, occurs throughout Illinois. It affects the leaves, twigs, and branches of trees. On young sycamores it often causes trunk cankers that either kill the trees or radically reduce their value.

ganic mercury sprays are recommended. The first should be applied at the time the buds are swelling and the bud caps are breaking, usually around the middle of April. The second spray should be applied 14 days after the first.

Suggested fungicides and rates of application per 100 gallons of spray are as follows: Coromere, 1 1/2 pounds for the first spray and 1 pound for the second; Puratol Agricultural Spray, 1 1/2 pints for the first spray and 1 pint for the second; Phix Apple Spray, 1/2 pound for the first spray and 1/4 pound for the second.

Recommendations of the manufacturer should be followed when other organic mercury fungicides are substituted. Chemical control should be supplemented by pruning and burning dead twigs and branches with large conspicuous cankers.

President Wagner of the Chamber of Commerce of the United States is critical of employers who pay lip service to hiring qualified handicapped persons and don't follow through. In his words, "Mere acceptance of the idea that handicapped persons can make good employees is a long way removed from actually hiring them. And the boss who says that they should be hired but does nothing to make sure that employment opportunities are available to them, falls short of doing a good job."

In And About Our Town

Mr. John L. Horan (Antioch News Photo)

Having lived in Antioch since 1900, John L. Horan, well known civic leader in the village, in his own words, "did his share of growing up in a pioneering way—moved wooden sidewalks, put out the kerosene street lights and moved outhouses to the most unsuspected places."

In more serious moments, Horan attended both Antioch grade and high school and then entered the printing trade which has been the greatest interest throughout his life.

"Playing a lot of baseball in the Lake and Kenosha County areas," was an extra activity Horan kept pace with in the "early days." Horan, along with several other well-established name players, was on one of Antioch's first baseball teams.

Horan "got interested in fires and helped haul water by bucket and got in the way during the fires" of the business section in 1903-04. When the newly organized volunteer fire department was organized, Horan signed up as a charter member and was secretary of the department for over 12 years. When the department went into rescue squad work, he helped organize the squad by obtaining the first truck for Antioch in liaison with efforts of the Waukegan News-Sun. He served on the squad for five years.

During the twenty-five years with the Antioch Fire Department, Horan helped organize the first fire district in the state of Illinois. The Lake County Firemen's Association was organized in Antioch and Horan served three years as its secretary. He also helped to organize the McHenry County Firemen's Association.

Interrupting these community services, Horan entered the Colorado Home Guards—happening to be located on the estate of relatives in Denver, Colo., when the First World War broke out. He returned to Lake County and re-entered service with the army with the Lake County Draft Call of 1918. Horan was attached to a replacement center at Camp Gordon, Georgia, where, as a drill sergeant, he spent seven months with the 14th Training Battalion, instructing novice soldiers in the ways of battle-knowhow.

The home of Mrs. Gordon Volting, 543 Lake St., with Mrs. Vincent Stonis as co-hostess. Mrs. Helen Volk will present "Foods High in Value—Low in Cost" as the main feature of interest to the group. Mrs. Irving Buchta, publicity chairman, has announced that the group is planning a bake sale at the Ford Garage at 9 p.m., May 26.

4-H NEWS
The Sequit Susies of Antioch held a meeting Thursday, May 3, at the home of Mrs. Edward T. Hevrdels. Emily Milowski gave a demonstration on "How to put the elastic through the top of the skirt." Rita Mirocko gave a demonstration on "How to hem the skirt." Our project has been "You Learn to Sew." It has now been completed. Helen Mae Zelen Reporter

SALEM PROM A SUCCESS
About 70 couples danced to the music of "The Top Hatters" orchestra at the annual prom at Salem Central Saturday night.

King Frank Kempf, son of Mr. and Mrs. Joseph Kempf of Route 2, Kenosha, had as his queen Gail Wedman, daughter of Mr. and Mrs. Earl Wedman of Route 3, Burlington. The theme of the Prom "Blue Hawaii" was stressed in the decoration of the gym. Mr. Larry Nelson, industrial arts teacher, is junior student adviser. He and his crew of juniors are to be complimented.

After returning from service, Horan married his "school chum" Carolyn M. Osmond in 1919. In 1921, when the Horans returned to Antioch, they took over The Antioch News. Horan operated the newspaper until 1926 when he sold the enterprise to Mr. Homer Gaston. That same year, Horan organized veterans into the Antioch American Legion Post 748. He served as its adjutant for 15 years. He was elected the post's commander in 1930, also serving as post service officer for 20 years to the present. He was again elected in 1959 as commander and was given a lifetime membership at that time.

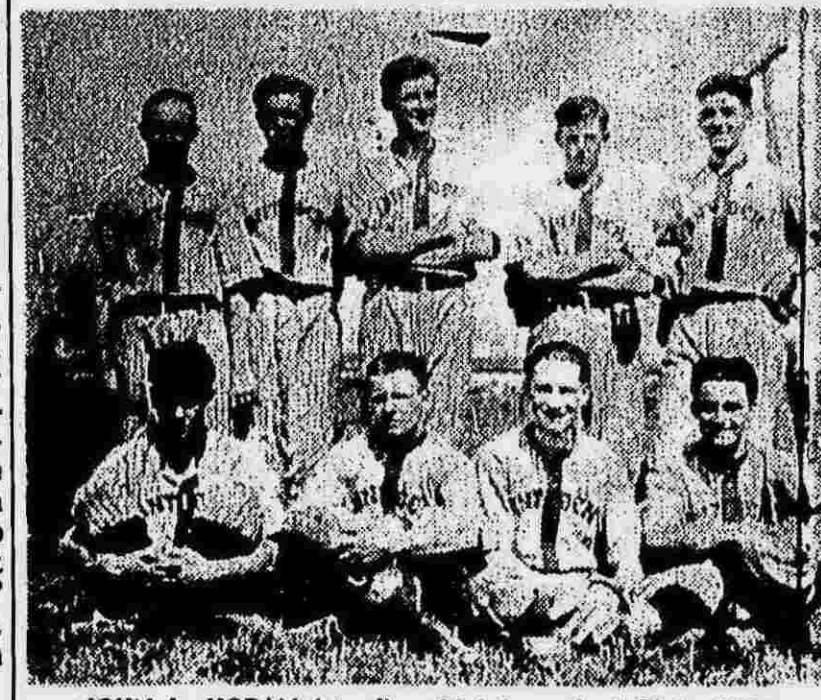

Horan, whose great interest has always been newspapering, worked for many periodicals through the years—The North Chicago Tribune, The Waukegan News-Sun and printers—The North Shore Printing Corporation.

While working at the News-Sun he was secretary-treasurer of Local 694 ITO (International Typographical Union) and later president of the company union of the Waukegan News-Sun. He also served as secretary for the credit union at the Keystone Printing Company for three years.

The long list of organizations Horan has been associated with include: Antioch, As Collector (12 years), Lake County Past Commanders' Club, Lake County Vulture 604, 40 & 8, Grand Knight in the Knights of Columbus Council 3000; National, Department and Chicago press associations; Illinois Veterans' Association, American Legion Historian Association and the National and State Civil Defense—Antioch Civil Defense Director for the past five years.

Mr. and Mrs. Horan have two sons and a daughter. Their older son Jack is a foreman with Public Service. Their other son, Raymond, operates a milk farm north of Antioch. Mildred, their daughter also resides in Antioch with her husband Jack Effinger. Both sons served in the air force during World War II.

The Horans are blessed with six grandsons and a granddaughter.

JOHN L. HORAN (standing third from the left) in 1915 when playing for the Antioch Baseball Team. Others on the squad were (from left to right) Harold Hughes, Bob Wilton, Horan, Bernie Filds, Lester Osmond (sitting), John Morley, John Lasco, Don Smart and Russell Herdin.

Elmer Hunter Given 20-Year Pin Award

Elmer Hunter, of Antioch, proprietor of Hunter's Garage which is located on Rte. 173, was recently awarded a watch and a 20-year service pin by the Firestone Tire & Rubber company. Hunter was one of nineteen dealers given awards for service over a 20-year period. His wife, Martha, is the current Treasurer of the Village of Antioch.

Golden Wedding Celebrated By Mr. and Mrs. S. W. Bailey

ATHS Student Plays in Band

KEFLAVIK, ICELAND—Daniel S. Ellichek, son of Mr. and Mrs. Steven Ellichek of Antioch, is presently serving with the Navy as a musician seaman. Ellichek is a 1960 graduate of Antioch High School where he played solo trumpet in the band. Entering the Navy, Ellichek took his boot training in Great Lakes and attended the Navy Music School in Washington, D. C. He was recently promoted to 3rd Class Petty Officer.

Joseph Rush, Ellichek's band instructor at ATHS, recalled that he was a "talented person." Ellichek's sister, Soniya, is a freshman student at ATHS.

Students Train in Citizenship Ways

Each year the American Legion Auxiliary make possible the attendance of boys and girls at Boys State and Girls State programs. The representatives to these citizenship training sessions are chosen on the basis of outstanding leadership, character and service. The goal of the program is to teach good citizenship through greater knowledge of the functions of local, state and national governments.

The Grant High School representative at Girls State for 1962 is Sherry Sadleir and her alternate is Eileen Grabowski. The Girls State camp is held on the campus of MacMurray College in Jacksonville, Ill.

James Jorgensen and Thomas Freund have been chosen as delegates to Boys State and Peter Hunt is the alternate. Boys State is held at the Illinois State Fairgrounds in Springfield, Ill.

Student Chosen For Valedictorian, 1962

The valedictorian of the 1962 Grant Community High School graduating class is Peter Sink. Peter is the son of Mr. and Mrs. Peter Sink, Sr., of Ingleside. During his four years at Grant, Peter has been active in the Future Teachers of America, Thespians, and Science Clubs. He has participated in Cross Country and Track. As a junior he was the Grant High School representative at Boys' State.

Harry Klauda, the 1962 salutatorian, is the son of Mr. and Mrs. Harry Klauda of Ingleside. Harry has been a member of the Science Club.

Mr. and Mrs. Samuel W. Bailey of Millburn Road, Lake Villa, were married fifty years ago, May 1, 1912 in Springfield, So. Dakota. An Anniversary Mass was said for them on May 1, 1962 at St. Peter's Church in Antioch.

On Saturday, May 5, at 11 a.m., a Special High Mass of gratitude and Thanksgiving was celebrated for them at the request of their seven children. Their pastor, Fr. Alfred Henderson, officiated, and they renewed their marriage vows. Two of their grandsons served as altar boys. Mrs. Leonard Madden was the vocalist and was accompanied by Mrs. Arthur McGreal.

Breakfast followed the ceremony with approximately 85 in attendance. It was held at Lorenz' Smart Country House, Antioch. An evening buffet dinner was held at the residence of Dr. and Mrs. Charles Solar.

The Baileys have six daughters and one son: Lt. J.G. Samuel Wayne Bailey, USN, on leave from Yorktown, Va.; Dr. Dorothy Bailey, Podiatrist, of Evergreen Park, Ill.; Mrs. Fred Dillenburg, Chicago, Mrs. Louis Stucker, Wheaton, Mrs. Phillip Darr, Cincinnati, Ohio, Mrs. Charles Solar, Antioch, and Mrs. John Smith, Chicago. They were all present along with their husbands and nineteen grandchildren, and many out of town relatives and friends.

CELEBRATING THEIR GOLDEN Wedding Anniversary are (left to right) Mr. and Mrs. Samuel White Bailey, their pastor, the Rev. Father Alfred Henderson and the Bailey's daughter, Dorothy.

Antioch Bowl To Remodel

Antioch bowlers will be
happy at news of the planned
expansion and remodeling of
the Antioch Bowl. Propri-
etors Mike Schamberger and
Jack Sampayo are planning
the addition of eight alleys to
the twelve they already have.
Extensive remodeling of
the present building is plan-
ned at the same time, with
new locker rooms, interior
decoration, new seating ar-
rangement for bowlers, and
tables and chairs in the spec-
tator area.

The alleys will be closed for
the month of June while re-
modeling gets under way.

Summer Camp Is Scheduled

The Fine Arts Department
of ATH will hold its summer
camp at East Bay Camp on
Lake Bloomington at Hudson,
Ill., this year, reported Music
Director Joseph Rush.

The camp, which is located
near Bloomington, offers the
schools' participating band
members comfortable cabins,
rehearsal halls and recrea-
tional facilities.

This year will mark the
second time ATH has sched-
uled its summer camp.

Director Rush stated that
a good deal of the time spent
at the camp by the teenagers,
as much as 6 to 7 hours, in
practising. He also added
that the camp served as a
kickoff for the band's school
year activities.

Fertilizer Boosts Fruit Production

A spring application of fer-
tilizer to the fruit plants will
give good production in the
home garden, according to
Lee Smith, Kenosha County
Horticultural Agent.

The year strawberries are
planted is the most important
time to apply fertilizer. A
week or so before they are
planted, 10-10-10 is worked
into the soil at the rate of 12
pounds per thousand square
feet. Then when the runners
form in June, they are side-
dressed with two pounds of
10-10-10 per one hundred feet
of row. Another side-dress-
ing is applied the first two
weeks of August of one and a
half pounds of ammonium ni-
trate.

Established strawberry-
beds will benefit by top dress-
ing with a complete fertilizer,
such as 5-20-20, if they haven't
made good growth the pre-
vious year.

Spring has become increas-
ingly popular as the time to
establish lawns in Illinois,
even though fall is the recom-
mended time. But for rea-
sonable success with your
spring-seeded lawn, give ex-
tra attention to the kind of
seed, rate of seeding and
preparation of the seedbed,
says a University of Illinois
horticulturist.

DEATH NOTICES

CARL E. PHILLIPS

Funeral services for Carl E. Phillips, 50, formerly of Antioch, were held May 4 in Chicago from the Davis Funeral Home, with burial in Sample Cemetery.

Date of death, in late April from a heart attack, was not positively determined.

Mr. Phillips was born in Morris on March 31, 1912, the son of William and Lena Peterson Phillips. He attended school in Goose Lake Township and was employed in Chicago before moving to Antioch in 1950, where the family has lived up to the present time.

He was employed at Golden Glo Dairy and later at Willowdale Dairy while in Antioch. Just previous to his death, he was again employed in Chicago.

Surviving are his wife, the former Helen Malinowski; his parents, William and Lena Phillips; three sons, Everett, Carl, Jr., and William, all of Antioch; a daughter, Mrs. Richard (Evelyn) Clapper, Trevor, Wis.; eight grandchildren; a brother, Clarence of Morris, and a sister, Mrs. Granville (Marjorie) Love of Aux Sable Twp.

CORA C. CHRISTIAN

Mrs. Cora Christian, 4303 75th St., Kenosha, Wis., died May 7 in Kenosha Hospital, after a long illness.

Born in Antioch March 24, 1892, the daughter of the late Mr. and Mrs. George Johnson, she lived here until moving to Kenosha in 1928.

Cora Johnson and William J. Christian were married on Sept. 6, 1914. He preceded her in death August 18, 1948; as did a brother, Howard, in 1958.

Mrs. Christian was a member of the Antioch Order of Eastern Star Chapter 428.

She is survived by a son, Cecil A. Christian, Kenosha; two daughters, Mrs. Walter Argraves of Madison, Wis., and Mrs. Calvin Gardiner, Kenosha; eight grandchildren, one brother, Guy Johnson; and three sisters, Mrs. Harry Kierstead of West Allis, Wis., Mrs. Thomas Van De Lune and Mrs. William Sonnenberg, both of Kenosha.

Services were held Wednesday at the Hansen Funeral Home in Kenosha with burial in Green Ridge Cemetery, Kenosha.

VIOLA C. BOLTON

Mrs. Viola C. Bolton, 61, of Highway 21 near Lake Villa, died Saturday evening in Condell Memorial Hospital in Libertyville, where she was taken Friday morning.

Mrs. Bolton was born Nov. 3, 1900 in Antioch, the daughter of Lee J. Hill and Florence Lightner Hill.

She lived in Iowa for 18 years, Sycamore, Ill., two years, in Bristol, Wis., for one year, and in Antioch Twp. a short time before moving to Lake Villa, where she has resided the past 18 years.

Viola Hill and Keith E. Bolton were married March 22, 1921 in Kenosha, Wis.

She is survived by her husband, Keith; also four sons, Robert K., Arnold Lee and Forrest K. Bolton, all of Antioch and O. Lynn Bolton of West Allis, Wis.; two daughters, Mrs. Florence A. Breit, of Wilmet, Wis., and Mrs. Marlene J. (Inghetti) of Kenosha; one brother, David Hill of Lake Geneva; a sister, Mrs. Jessie Boyle of Racine, Wis., and 14 grandchildren.

Services were held at 2:30 p.m. Tuesday at Strang's Funeral Home with the Rev. L. H. Messersmith of Millbrook Congregational Church officiating. Burial was in Liberty Cemetery.

LOUIS J. MANZ

Mr. Louis J. Manz, 54, of Eagle Creek Subdivision, Ingleside, died last Monday, May 7, at 2 p.m. in the Highland Park Hospital after a 6-month illness.

Mr. Manz was born on December 15, 1907 in Chicago. He moved to Ingleside in 1937 and resided at Eagle Creek Subdivision for the past 10 years.

He belonged to the Amalgamated Meatcutters and Butcher Workmen of North America Local 262 of Highland Park and was the manager of the meat department of the A&P Store in Highland Park.

He is survived by his wife, Dorothy, one stepson, Robert W. Kraft, of Antioch; one daughter, Carolyn Lou Manz, of Ingleside; seven sisters; Dorothy Stone, of Chicago;

THE LAW

THE LAW OF WAR: MILITARY JUSTICE

Separate systems of law for the regulation of armed forces have been in existence since the beginning of human history. The ancient Persians, Greeks, and Romans all had organized armies which used legal systems separate and apart from their regular civilian legal institutions. This custom of specialized military law has continued to the present time and is now found in the United States Uniform Code of Military Justice.

The basis for military justice in the American legal system is found in our Constitution which provides that Congress shall have the authority "to make rules for the government and regulation of the land and naval forces." The uniform Code of Military Justice was enacted under this authority and this same Code applies to all branches of the armed forces. The Code covers all phases of criminal law, but does not govern property rights, suits for damages, and similar private matters which are left to the civilian courts.

Courts-Martial Military justice is administered primarily through courts-martial. There are three types of courts-martial: the summary court-martial which consists of one officer; the special court-martial, which consists of at least three officers; and the general court-martial, which consists of at least five officers.

The members of a court-martial function as both judge and jury and reach decisions by vote after hearing the evidence. Enlisted men may require that the court trying them include enlisted men, otherwise only officers sit on the courts-martial. The members of the court are always superior in military rank to the person being tried.

Before a person is brought before a court-martial for a serious offense, the matter is first examined by an independent investigating officer.

This investigation is similar to a civilian grand jury, except that under military law the person being investigated has a right to participate in

Emma Battischer, of Ingleside; Betty Jalafsky, of Chicago; Lucille Kuehn, of Chicago; Rosemary Davis, of Lake Bluff; Elsie Paulhaber, of Chicago; and Margaret Mulligan, also of Chicago. One sister, Josephine Hawland, preceded Mr. Manz in death.

Services will be held on Thursday at 1:30 p.m. at the Strang Funeral Home with the Rev. Merritt O'Connor of Indian Hill Chapel, Ingleside, officiating.

Interment will be in the Fox Lake Cemetery.

GEORGE H. ALSING

Mr. George H. Alsing, of Maywood, died on May 6. He was employed at one time by the Willowdale Dairy Plant in Antioch for six years as bookkeeper and auditor. While working in Antioch, Mr. Alsing roomed at the Horan residence on Orchard Street.

Surviving him is his wife, Constance, nee Sherman, two daughters, Isabelle and Constance; and one son, George S.

He was a grandfather of seven and a great-grandfather of one. Also surviving him is one brother, Eugene, of Denmark.

Services were held last Wednesday in Chicago.

the investigation, while civilian grand jury proceedings are usually secret. After investigation the charges are either dropped or referred to a court-martial for trial.

Similar to Civilian Trial

The procedure of a court-martial is similar to a civilian criminal trial. The accused is presumed to be innocent and the charges must be proved beyond a reasonable doubt before guilt can be established. The accused is entitled to counsel, may cross-examine the witnesses against him, and may present his own witnesses. He does not have to testify, but may if he wishes to.

In military trials for serious offenses, the accused is furnished counsel at government expense. He may select, without charge, any readily available military person as his counsel. He may also engage civilian counsel of his own choosing at his own expense.

In the event of conviction, the record of trial will be carefully reviewed by higher military authorities who are similar to civilian appeal courts. The accused is entitled to government-furnished counsel for these appeals. At each level of appeal the sentence may be reduced or eliminated, but never be increased.

In addition to courts-martial, the armed services maintain discipline through punishment imposed by commanding officers without formal trial. This is known as non-judicial punishment and is strictly limited to certain minor offenses and punishments. Depending upon the exact circumstances, the accused person usually may refuse non-judicial punishment by demanding a trial by court-martial.

This column is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.

THE CHANGING WORLD by WAINMAN

Heart News Beat

An average-sized adult has an estimated 60,000 miles of blood vessels. Kinks, plugs and leaks in these blood vessels can interfere with normal circulation. In any given year diseases arising from these causes are responsible for approximately half the deaths that occur in the U.S. and a great deal of invalidism, according to the Heart Association.

Research has led to a new method, called arteriography, which enables doctors to "see" the arteries and their defects. By scouting the maze of blood vessels, arteriography helps doctors find trouble spots even when only inches or a fraction of an inch in an otherwise healthy artery may be involved.

In arteriography, an opaque dye is injected that will show up on x-rays. As the dye travels through the vessels, x-ray photos or movies are taken, silhouetting the pathways through which the blood flows.

Studying the developed x-ray film, the physician can detect narrowings, plugs or other abnormalities in the arteries. High speed movies taken at 50 to 60 frames per second while the dye branches out from larger through smaller arteries provide a picture of what and where the trouble is. Such pictures help the physician plan treatment suited to the condition, including in some cases surgery to remove or bypass the trouble spot. Sometimes the surgery requires the use of a blood vessel graft or grafts; sometimes the surgeon simply removes the blocking clot or plug and reopens the existing channel.

Interference with normal blood circulation can be crippling or fatal. Obstructions in the vessels of the legs can cause crippling; thin-walled spots (aneurysms) in major arteries of the trunk may burst and cause death. Blockage of neck arteries which conduct the blood to the brain may lead to strokes. One of the most hopeful developments in recent years has been the realization that as many as 40% of strokes may result from such blockage of neck arteries—and that if the condition is diagnosed and treated in time, many of these strokes can be prevented.

Arteriography is but one of many advances which have emerged during the past ten years from the research supported by Heart Associations and other groups. Take advantage of these advances by seeing your doctor regularly for a health and heart check-up.

If President Kennedy's entire legislative program—including aid to education, medical care for the aged, public welfare and the rest—were approved in toto by Congress, what would the costs be? U.S. News & World Report has totaled up the tab and finds that increases would come to \$2,538,000,000 in the fiscal year ending June 30, 1963 and \$9,076,000,000 for the fiscal year ending in 1965.

THE FIZZLE FAMILY

Illinois Prices Soar Upward 400% Since '33

Prices of farmland resumed their upward trend in 1961. They went up an average of 2 per cent in Illinois and 4 per cent for the nation as a whole, according to a recent report by the USDA.

The average U.S. price of farmland reached a new record high at the end of 1961. In Illinois the average was still about 1/2 per cent lower than the record peak two years before, although in some areas prices hit record highs.

Further increases are likely in 1962 unless bad weather causes poor crop yields.

Prices of farmland have been going up almost continuously since 1933—29 years. Prices of land in Illinois have increased 400 per cent. That is, they are five times as high as they were at the low point in 1933. Half of this increase has come since 1950.

How do present prices of farm real estate compare with those at the peak of the boom after World War I? Prices in Illinois are 70 per cent higher than they were in the peak year, 1920. For the U.S. as a whole, the average is up 74 per cent.

The basic cause in prices of farmland is inflation. The farmer's dollar has lost 65

Should Girdles Be Hand Washed?

You may be doing unnecessary handwashing of girdles and other elastic garments, says the May issue of Successful Farming Magazine. Researchers at the Illinois Experiment Station found that machine washing in warm water with soap (not synthetic detergent) caused no damage when clean Terry towels were included as a buffer.

Tumble drying heat caused less damage than air-drying. Garments made of spandex, man-made elastic fiber, were not damaged by detergent or water temperature.

"GRASS ROOTS OPINION"

"Up until recently, one of the many things which has made this country great has been the way we handled our local problems here at home. Here we all know what's going on, and we maintain control of them, not leaving it to a group of bubble-headed bureaucrats in Washington to tell us how to run our community. If we strive, slave and work, and still can't solve our community problems, we try the next best thing.

"Let's tell our senators and congressmen we want them to choke off this latest move of big central Federal government getting into our home town affairs, and stop this Department of Urban Affairs!"—Benton, Mo., Democrat.

per cent of its value in the past 50 years, and 66 per cent since 1940. Fear, or expectation, of further inflation is a strong factor supporting the land market.

Production controls are also an important factor in the market. Many farmers want to buy more land in order to get a bigger acreage allotment. Others want to sell their farms because their allotments are too small.

Many farmers have enough labor and machinery to farm much more than they now operate. They buy, or want to buy, more land to make more profitable use of their labor and equipment. In 1960-61, 46 per cent of all

U.S. purchases of land were for farm enlargement. In the corn belt, 56 per cent of the land was bought to increase the size of farms. Sales for non-agricultural uses Official reports of prices of farmland include only land being purchased for farming purposes. Land sold for non-agricultural uses usually brings much higher prices than land sold for farming. In the eastern corn belt (principally Illinois and Indiana), land for subdivisions usually sells for \$900 to \$1,850 an acre, and frequently around \$1,400. Small tracts of an acre or so for rural residence purposes, but not for subdivision, often bring \$1,250 an acre, and some as much as \$1,750. Prices for land to be used for commercial and industrial purposes range from about \$2,500 to \$6,500 an acre, with many of the sales around \$3,000.

Panthers Edge Antioch In Baseball Fray 10 - 8

Coach Larry Leon of Antioch's baseball squad recently reported that the Sequoia, traveling on the road to their games since they are without a playing field, were rained out of their game with Wauconda last Monday night.

Playing on Friday against Round Lake, Antioch went down to defeat 10-9.

Losing pitcher was Bill Oza for Antioch. Triumphant for the Panthers was Gibson.

The Sequoia dominated the first three innings of the contest by slamming in 5 runs to Round Lake's 4.

In the fourth inning, the

Panthers broke loose to drive in two more runs, shooting their leading tally to 6. Two more innings went by without either team scoring and in the last inning Round Lake out-hit Antioch by scoring 4 more runs to the Sequoia's 3.

Lang of Antioch went for a double and was credited with 2 RBIs. Hogan was also given an RBI during the contest.

At this writing, Grayslake and Wauconda have yet to play Antioch. The teams meet on Tuesday and Wednesday of this week.

Coach Leon also reported that the District Tournament

involving Antioch would be played at Grant on May 14. Grant is scheduled to play Antioch on May 14. May 15 will be the date for Grayslake and McHenry to pit themselves against each other. The winners of these two games will play off against each other in a final game to be held on May 16. The winner of this game will travel to the Regional Tournament to meet competition on May 21. The tournament will be held in North Chicago.

Waukegan Speedway To Open This Sunday

Action resumes at the Waukegan Speedway on Sunday night, May 13, as the 1962 season unfolds in what promises to be the biggest season ever.

With favorable weather conditions the 1962 attendance is expected to top the record 52,700 set last year. John Kalschian, who heads Midwest Speedways, Inc., operators of the track, also expects an increased number of competitors. The pit area has been enlarged to accommodate more cars.

The Speedway will again present the top in modified stock car racing every Sunday night. The season is scheduled for a 20 week run. A new division of racing, Sportsman stock cars, is being added to this year's program. It will include a number of entries in that class.

Unlike the amateur cars of last year, the sportsman are required to have visibly stock engines in cars of 1949 vintage or better. Cage type roll-over bars will also be required, and cars will be qualified for the feature event and preliminary races.

Strom to Defend Title

Headlining the opening program will be 1961 track champion Bill Strom of West Allis, Wis., along with close runner-up, John Reimer of Milwaukee, Wis. The 1956 and 1959

champion, Ed Stillman, another Milwaukeean, is also scheduled to be present. The 1960 champion, Gred Krieger, will be out for part of the season, being presently located with an Army Reserve unit in Louisiana.

Illinois challengers will once again try to break the strange hold held by Wisconsin drivers since the speedway was reopened by Midwest in 1957. Among them will be Bob Karry of Waukegan and Lindenhurst; Jack Radtke of Grayslake; Jim Bozemann of Zion; Junior Dodd of Waukegan; Ken Heiden of Barrington; Swede Erickson of Gurnee; and Bay Darnell of Deerfield.

It is doubtful that speedway favorite, Jack Frost of Zion who finished third last season will be back this year, having been quite ill this past winter.

Serious car trouble has forced another young favorite out of the racing picture for the coming year. George Bellegante of Winthrop Harbor is under doctor's orders to keep away from all noise pending forthcoming car operations.

Time trials are scheduled for 7:15 p.m. with racing getting under way at 8:30 p.m. The speedway is located between the Green Bay Road and the Skokie Highway on West Washington Street.

ATH Track Team Wins Second Place in Meet

The varsity track squad of ATH placed second in the tri-school track meet held last Thursday involving Ela-Vernon and Grayslake speedsters.

Taking top honors was Grayslake with an overall score of 58½ to Antioch's 48 and Ela's 40½.

Grayslake swept the 120 high hurdles by taking all four places. Fitch and Weber took 2nd and 3rd places in the 100-yard dash, Ela-Vernon grabbing off-first.

Dione Rathbone took a first-place tie with Mathieson of Grayslake in the 880 with a time of 2:08.5.

Antioch took second to Ela-Vernon's 1st in the 880 relay. The Sequoia placed with a 1:39.1 time.

Andrews placed second in the 440 with a 56.7 time to

Grayslake's Keller who had a 53.2 for the win.

Rich Fitch took the 180 low hurdles win with a 14.5 time. Fabry for Antioch placed 3rd in the mile with a 5:17.1. Fowles also won a third place in the 220 with a time of 25.1.

Antioch, as a team, followed Grayslake in the mile with an overall 3:47.0. No one on the Antioch squad placed in the shot put.

The pole vault, high jump and broad jump were all dominated by Antioch wins. Weber recorded a 11'6" for the pole vault. Dittman leaped 5'10" in the high jump and Andrews won first in the broad jump with an 18'11" score.

Ipsen placed last in the discus throw with 116.

Banquet Awards Given Bantam League Bowlers

By Pearl Kapell

The banquet of the Bantam league bowling teams was held at Joe & Helen's at 1 p.m. on Saturday, May 5. Eighty children and about fifty parents attended the banquet.

High game awards were given to a boy and a girl from each league. In the 1 p.m. league, Rodney Miller was high for the boys with a 204 game; Glennia Burns, bowling her first year in league, led the girls with a 168. Most improved was Gregg Pederesen with 29 pins over last year's average; two girls tied for this honor, Nicki-Nissen and Carol Sillanoff, each scoring 21 pins over last year's average. The team presented with trophies for first place comprised Freddie Wittleder, captain, Edith Brusk, Phil Lo Chirko, Tom Nihill and Glennia Burns. Second place team was John Wohlfell, captain, Marty Schock, Susan Ellis, Steve

Owens, and Jim Rockow.

In the 3 p.m. league, Tom Spiegel, another bowling newcomer, had high game of 166. Elizabeth Surrock led the girls with 140. Most improved bowler in this league was Gigi Pulaski, of the girls, with a 27-pin improvement, and Calvin Oelker, for the boys, with 16 pins over last year. The first place team trophies went to the team of Billy Erdman, captain, Chuck Madison, Jack Cudahy, Randy Maschek and Gary Camphouse. Second place trophies went to the team of Randy Miller, captain, Gigi Pulaski, Jill Erdman, Martha Major and Tom Spiegel.

That the younger set is enthusiastic over their bowling activities is shown by the presence of young Joe Badame at the banquet. Joe had an appendectomy on Monday, returning home from the hospital on Friday and being at the banquet the next day.

Track Team At Elmwood

The Elmwood Relays held last Saturday saw Antioch capture 10 important points against opposition.

The meet provided no contest against the powerful Naperville team which swept the meet with 116 points. Placing 2nd and 3rd in the contest were Oak Lawn and Grayslake, trackers.

Antioch scored 3rd in the mid-distance race. A school record was set with the combined times of Andrews (440), Weber (220), Fowles (220) and Rathbone (880) at 3:52.4.

Another school record in the 440 relay set Sequoia Weber, Erickson, Fowles and Fitch with a 47.0 time. Antioch took 4th place in this event.

Fifth place was copied by Antioch high jumpers Satterfield (4'10"), Clifton (5'2") and Dittman (5'8") for a total tally of 15'8".

Golf Season Roars at Spring Valley Course

John "Pick" Wagner, professional golfer and proprietor along with his brother, Peter of the Spring Valley Country Club, recently stated that "present day golf courses are made easier for the golfer. They should be more difficult." He added that "the better golfer likes to play on a difficult course because he knows he's not being kidded by scores lower than what he is able to shoot."

Spring Valley, with its beautifully terraced landscape and rolling fairways, is considered a difficult course by many golfers both in the immediate area and those who come from great distances in order to play the game.

The golf course, which has been in operation this year since the beginning of April, was started in 1927. Over the years, the course has gathered in a reputation for being a definite challenge to pros and amateurs alike.

With equipment available for renting or purchase, along with an inviting refreshment and eating area, the Club draws over 200 persons per day on Saturday and Sunday and anywhere from 75 to 100 throughout the week on each day.

Instruction in the ways of golf is available at the club presently and, according to Wagner, he "hopes to have a beginner's class for women and children shortly."

Aside from providing large-scale entertainment for vacationers and tourists, the Club is the home course for both Antioch and Salem high school golf teams.

The Northwest Suburban Conference teams will meet Antioch on May 14 at the course.

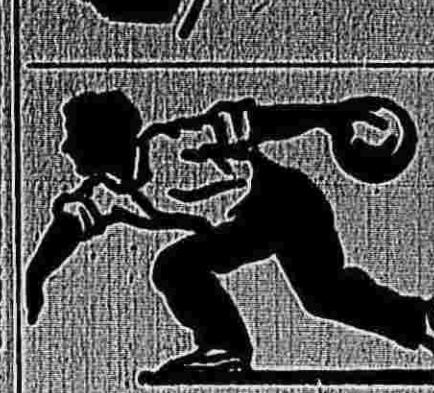

Among the many responsibilities assumed by managing a golf course, Wagner stated that the greens and tees of the course are watered every night and the fairways are cut every week, which is no small undertaking.

Concerning the prize-winning Arnold Palmer, Wagner said that he "has no golf swing, just muscles the ball around because he has the strength for it. But he is a beautiful putter."

While speaking about the thing closest to his heart—Golf—Wagner mentioned the fact that the game, begun by the British and Scots, has

since been Americanized and is now dominated by Americans. The technique, style, and actual science applied to golfing today, he explained, is vastly different than when people like Gene Sarazen, Tommy Armour, Walter Hagen and Bobby Jones were playing.

ATH Holds Track Meet

A grade school track meet sponsored by Antioch High School's Athletic Department will take place this coming Friday.

Eleven schools in the district have been contacted for participation. The tentative list for schools slated to participate in the meet includes Antioch, Oakdale, Grays Lake, Lake Villa grade schools and the Allendale Boys' School.

From 50 to 150 boys are expected to participate. It was estimated by ATHS Athletic Director, Ward Lear.

The meet, primarily set up for 7th and 8th graders, will also include events for 6th grade students. Sixth grade students will be able to take part in the 60-yard hurdles, 50-yard dash, 75-yard dash, broad jump and high jump.

Seventh and eighth graders can enter the 80-yard hurdles, 50-yard dash, 100-yard dash, shot put, pole vault, broad jump and high jump. A special event for 8th grade students only will be a 350-yard dash.

Five places will be open in each event. Three trophies will be awarded the top scorers in each class. Ribbons for exceptional performance will also be awarded.

First Aid Training Opens for Residents

Lake County residents are becoming aware of the value of Red Cross First Aid Training. More groups and individuals are asking the Lake County Red Cross to supply qualified instructors for courses throughout the county.

To fill the need for more instructors to teach more classes, your Lake County Red Cross will have an In-

structor Training Course starting May 14.

For three hours, 7:15 p.m. from May 14 through May 18, all interested and qualified Lake County residents will be taught how to teach First Aid at the Chapter House in Waukegan. Who is qualified? Anyone who holds a current Standard and Advanced First Aid Certificate and is over 20 years of age will be welcomed.

If interested in this course, or any of the other Red Cross courses in First Aid, Water Safety, Mother and Baby care or Home Nursing, please contact your Red Cross by phoning ON 2-4044.

Lindenhurst News

By Mrs. Barbara Schaefer

Willard (Ray) Schneider, from the Lake Villa Rescue Squad, will demonstrate first aid at the May 16 meeting of the Junior Police Club, which they meet at the Lindenhurst Civic Center.

There will be no meetings during the months of July and August. September 4 will be registration.

Brownies

Brownie Troop 50 has been having cook-outs the past three weeks back on Rose Tree Lane and Magnolia Lane. (That's in the new section near Hooper School). Thursday the girls enjoyed Sippy Jo's and Kool-Aid.

Mothers of the girls in the troop are invited to attend their Mother and Daughter tea, May 24, at the Lindenhurst Civic Center.

Royal Neighbors

The Lake Villa Royal Neighbors gave a dessert luncheon and card party last Wednesday for the Country-side Hospital. The ladies raised about \$60.

Rummage Sale

The Women's Auxiliary of Venetian Village is having a rummage sale Friday and Saturday at the Venetian Village Hall. Hours are 10 a.m. to 5 p.m. on Friday, and 9 to 5 on Saturday. Bake sale on Saturday.

Women's Club

May is Membership Month for the Lindenhurst Women's Club, and all women of the village are invited to attend their meeting night, May 10, at the Civic Center, on Old Elm Road. The ladies meet the second Thursday of every month at the Civic Center at 8 p.m.

Stamp Club

The Lindenhurst Philatelic Club for youngsters, is anxious to obtain more members. Mrs. Strinle-Shapard is a sponsor along with Mrs. Judy Weber. For more information call EL 6-7159.

Graduation Party

Mrs. Ann Madsen is chairman and Mrs. Helen Veager, co-chairman of the graduation party given by the seventh grade students and mothers of Prince of Peace School. The party will be held in the church hall at 7 p.m. May 24. There will be a buffet supper, entertainment by the seventh grade students and dancing to records.

Christmas Tree Lights

John Seizer, Jr. was taking down the Christmas tree lights in Linden Plaza Thursday afternoon. (Almost time to put them up again.)

Shower

Pat Vrba was the guest of honor at the home of Pat Schartz Friday evening.

The Vrba adopted twin boys April 24. Bringing two of everything, such as two high chairs, strollers, etc., were all the eleven girls in the "Night-Owls" club in which Pat is a member with her neighbors. Mesdames Janet Ess, Carol Roth, Ricky Perkins, Virginia Van Vorous, Mrs. Graham, Evelyn Miller, Mrs. Bernard, Mary Lou Crutchfield, Arlene Pawlowski and Janet Moran.

Altar and Rosary

The newly elected officers of the Altar and Rosary Society of Prince of Peace Church are: Mrs. Mary Tisler, president; Mrs. Pat Schartz, first vice-president; Mrs. Gert Smith, second vice-president; Mrs. Marsha Rosol, secretary; and Mrs. Marilyn Beller, treasurer. Installation will be at the June 6 meeting.

Dance

The Lindenhurst Men's Club is sponsoring an open-to-the-public "Spring Dance" Saturday night at the Lindenhurst Civic Center.

Graduation Party

The eighth grade students of the Lake Villa School will be guests of honor at a party May 17 from 7 to 10 p.m. in the gymnasium of the school.

Those cuddly, pastel colored garments women love were in the pretty packages Nancy Weidman unwrapped at a baby shower Saturday night. The shower was given by Lynn Kubicki, and about 15 of Nancy's friends were on hand to enjoy the occasion with her.

Mr. and Mrs. Dick Esterson and infant daughter, Rhonda, of Fort Lauderdale, Florida, are spending a couple of weeks with Mrs. Esterson's father, Frank Royer of Channel Lake. Mrs. Esterson is the former Anita Royer.

Mr. and Mrs. Harold Wilson, Jr. are the parents of a boy, James Earl, born May 2, in Victory Memorial Hospital. James weighed in at seven pounds ten ounces. He has a sister, Betty.

Their hosts will be the seventh grade mothers. Mrs. Betty Lodolce is chairman. The ladies who will be helping her are Mrs. Bell, Mrs. Windorf, Mrs. Nelson, Mrs. Hanson, Mrs. Hartwick, Mrs. Matthews and Mrs. Gentile.

There are three eighth grade rooms graduating this year with 143 children.

Movies

The Lindenhurst Women's Club is sponsoring movies for the children every Saturday at 1 p.m. at the Lindenhurst Civic Center. Last Saturday 124 children attended the first show. They saw "The Incredible Shrinking Man." The ladies who helped were Mesdames Betty Ireland, Esther Sokup, Nancy Klefner, Dorothy Thompson and Esther LaChance. The men, Ted Flanagan and Paul Ireland, Mickey Caldwell and his boy friend helped clean up the basement after the children left.

Next Saturday the movie will be "Son of Ali Baba" with Tony Curtis and Piper Laurie, in color, or "The Purple Mask" with Tony Curtis and Gene Barry.

The newly installed officers of the Antioch High School PTA are Mr. and Mrs. James A. Ferrier, co-presidents; Mrs. John A. Davis of Lindenhurst, treasurer; Mrs. Gus Eckert, secretary; and Douglas Risberg, publicity chairman.

Holy Name
The Holy Name Society of the Prince of Peace Church will receive Holy Communion next Sunday at the 8 o'clock Mass. After Mass there will be a breakfast and a meeting, at which the annual election will be held.

Scouts
Cub and Boy Scout leaders are desperately needed to renew their charter. If you can help, please contact Lyle Mercer, Elliot 6-5364.

Science Fair
Friday, May 11, Gary Hunt will be the only student from Lindenhurst who will enter his project on aerodynamics and display of air foil section, at the Illinois State Science Fair, held at the University of Illinois in Urbana.

Gary, not quite 13 years old, is in the 7th grade at the Lake Villa School. He is the son of Paul and Mary Hunt.

New Baby
Congratulations to Mr. and Mrs. Henry Nauer on the birth of their fourth daughter and sixth child. Little Jean Marie was born May 1 at St. Theresa Hospital.

Inside Antioch High

By Mike Brooks

The new editors of the school newspaper, the *Tom-Tom*, and the yearbook, *Sequels*, were announced last Friday by Mr. Lawrence Eggleston, faculty adviser. Heading the *Tom-Tom* will be Julie Lightsey. Working under her will be the feature editor, Anthansa Galanopoulos; news editors, Sally Flood and Ellen Enis; sports editor, Richard Ripley; photo editor, Paula Weiss; business editor, Camella Jarvis; copy editor, Marilyn Gras; and associate editor, Joan Stepanko.

The *Sequels* editors are as follows: literary editor, Stan Sutherland; photo editor, Judy Stoffel; business editor, Camella Jarvis; and copy editor, Susan Bloom.

These new editors were installed at Journalism Awards Night held on May 9. Publication awards were presented and the Antioch Chapter of Quill and Scroll was initiated.

The big event of the year at AHS is coming up this weekend—the 1962 Junior-Senior Prom. If the teachers notice a few sleepy-eyed students on the day after the nights before, do not be alarmed or frightened; they will open up wide at least by Wednesday morning, if all goes well. Behind all the scenery has been a lot of hard work done by the Junior Class. Overall chairman of this year's prom is Dave Cardiff, Junior Class President. Congratulations to him and all the various committees that have labored many long hours on the dance.

A few cases of measles have been reported at Antioch High. But do not worry, prom-goers. I hear that the Junior Class has hired a real live African Mau-Mau Witch Doctor to drive away all the evil spirits so everyone can enjoy himself this week-end.

Poppies Symbolize Nation's War Dead

By Jay Nash

On May 19, the village of Antioch will celebrate "Poppy Day" in the village. Mayor M. Cunningham has officially proclaimed the day for Antioch.

Poppy workers will be out on the streets soliciting funds for the diversion and employment of hospitalized veterans, the support of the American Legion Service Department, and for funds to supplement posts throughout the state which are engaged in service programs for the benefit of veterans from World Wars I and II, Korea and their families.

These workers are made up of local American Legion post and auxiliary unit members. The story of the poppy dates back to the First World War. From 1914 to 1918 Europe was swathed in a bloody, unceasing war. In a line, similar to that of a stretched-out accordion, trenches were strung between the Swiss border, through France and Belgium, to the North Sea. On both sides of this line, massive armies lurched at each other, crossing and recrossing the zig-zag of trenches for four years.

Into this ordeal by fire American boys, hundreds of thousands, advanced upon the enemy to crush the war to end all wars.

During the havoc that swept the nations of war-torn Europe, tens of thousands fell mortally wounded upon the alien earth. Throughout the long, dreary and desperate months, the only sight of life and beauty offered to those American soldiers who struggled forward through shattered towns and shell-ripped fields were the little wild poppies. Among the barren crags of no-man's land, the very rims of the trenches raked by constant machine-gun fire, the poppies grew and bloomed.

When the dead were buried in the cold dawn of France, Belgium and Italy, the hastily dug graves were covered uncannily by the rapidly growing poppies springing up from the loose dirt.

Since that time another world war has been fought along with the sacrificial altar of freedom represented in Korea and the blood-red poppy has come to symbolize man's undying faith in peace and its protection against war by the valiant principled souls who were our soldiers.

The Antioch News urges you to participate in this worthwhile cause by wearing that all-important poppy on May 19. Most of those who do may very well remember the words of the poet-soldier John McCrae:

In Flanders Fields the poppies blow
Between the crosses, row on row,
That mark our place; and in the sky
The larks, still bravely singing, fly,
Scarce heard amid the guns below.

We are the Dead. Short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved, and now we lie
In Flanders Fields.

Take up our quarrel with the foe:
To you from failing hands we throw
The torch; be yours to hold it high.
If ye break faith with us who die,
We shall not sleep, though poppies grow
In Flanders Fields.
